

Last Time in K-City Chronicles

It had been an abnormal day in K-City when a young Kaede Kinochita discovered her powers by helping a mysterious salaryman that promised her great things for her future if she wanted to become a Hero. That same day the martial artist Kai Fu started the opening of his dojo wishing to fulfill his dream of becoming a full fledged and recognized Master.

An amnesiac with ninja powers, Yama Kitagua, battled through the fuge in his head when he saw someone getting attacked. This was his first confrontation with the Skittler, a monster holding great potential. When the Skittler ran away Yama went to eat some ramen where he ran into our young heroine together with Shinon Watanabe, the salaryman that was advising her about the Hero Entrance Exam.

Only a day later Kaede was attacked by a Killer Cyborg sent by the Kusigawa Genetics Group to retrieve the escaped Experiment that was Yama. The Timebending Powers of THE TIME WIZARD brought together Kai, Shinon and Yama at Lavender Street 21-B Kaede was alone on Rose Street 21-B when she had been attacked. While the Cyborg quickly analyzed her as not important and left to go on the hunt for Yama himself it was chased by Kaede.

The Group all fought together against the monstrous abomination and managed to force it into an Emergency Teleport. Kaede, Kai and Yama took the Hero entrance Exam the next day and were all accepted with Kaede scoring the lowest while the two Men were put on probation in B-Rank.

The day after Yama conducted brain surgery on himself to relieve himself of the terrible pain that he constantly had. Extracting a good chunk of the device that had exploded in his braincase he started immediately feeling better before rushing off to save Kaede from being killed by a Monster created by the Beastmaster.

The young Heroine had a small crisis of confidence after getting battered for several days while the City got ever more tumultuous. When that same day a Cat-a-clysm arrived Yama revealed the monstrous side he had hidden so far under a mask that he had not known. And together as a trio they managed to destroy the crystal, ending it's control over cats. Both Yama and Kaede picked up a cat that had been mutated by the crystal and not returned to normal.

Two days later the Dojo was attacked by spiders and Yama injected Kaede with his healing factor to allow her to fight on even with terrible injuries though it later led to a rift between the two Heroes. The fight against the spider matriarch itself almost got the young Heroine killed but she managed to recover eventually.

Meanwhile the Skittler had been confronted by Veggie Man, who defeated the monster and cut him up. Defeated but not dead the Skittler was then picked up by THE TIME WIZARD and empowered for a short while using a cube. This upgraded him to a Demon Level Monster for a short while and he cursed at the creature having kidnapped him as the extra Power left his body. Still the Skittler had unlocked new power that would come in handy when he met Tattoo-Psycho, Teleport-Tramp or Brocoli Geezer. He made a pact with some girls and

several nudists. Soon the world would know the Wrath of the Skittler. He might have gotten himself a Jumper Squad.

The extermination of the giant spiders however had unintended side effects when the exterminators were attacked by giant snakemen. Kaede got her groove back and helped people escape together with Kai while Yama turned himself into a walking inferno with a pyromaniac streak.

Come join us. There is plenty of room in this great city of ours. Heroes, Villains, invisible Reporters it matters not. But beware for this city is not a place for those wishing the most normal life, what with monstrous heroes and heroic monsters running around.
