

## Writing Challenge 10

Writing the Ballad of \_\_\_\_\_ the \_\_\_\_\_.

A Modern Ballad really only has a couple of rules. It should be set to music, and it should tell a story. You are going to give one a shot.

For this writing challenge I want you to find an object and tell me its story. You could use a piece of sporting equipment, a fallen leaf, or an empty bag of chips. Tell me its story, where it has been, what it has done. How has it traveled. You could try to make this rhyme and set it to the beat of a song you know. You can give your object a heavy metal power ballad personality, have it be a west coast gangster from Compton, or you could use a traditional folk ballad. See what inspires you.
