

WHY YOU SHOULD GET COACHING FROM ME

I've been coaching for AWHILE , I'm able to coach any character but my best feat as a coach is coaching Senra to get to top 100

I've helped Hbox compete to top 200 NA and helped him contend with top players when he entered summit (so close to a set 😞)

My coaching style is to get to the point of a problem and solve it whether it's mental or just learning about the game in general.

I know alot about how to win losing matchups and how to create a considered unplayable matchup into a possible and very playable matchup

I'm also one of the most studied players in the world. I know most people's characters better than they know theirs.

COACHING RATES

15 dollars a hour 1 on 1 session (until Nov 15th)

Vod review

Best of 3 (5 dollars)

Making it much cheaper since I'm not traveling for awhile

MY SKILL

I'm one of the fastest improved players coming out of quarantine going from not even top 200 NA to top 50 in the world(now top 100 so still pretty good) so I know what you have to do to skyrocket in smash skill

Changed the entire playstyle of Jigglypuff and got jigglypuff out of the low tier area on my own at the tournament level

Have been able to compete in multiple countries so I understand the global smash scene and the difference in playstyles and not just the North American smash scene
