2nd

Mia Sheard, Elle Sheard,

Prize = \$75 in Crescent Ridge Gift

Place

© Brielle Hoemke -
Grade 7

Cards (\$25 each)

WHAT IS CLIMATE CHANGE?

Climate change is a major human made conflict, in which too much carbon dioxide is released into the atmosphere, therefore causing the entire earth to gradually become warmer. This process is also called global warming

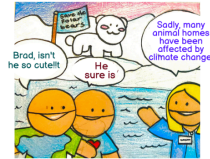

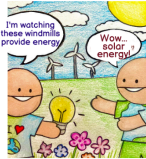

THE EFFECTS OF CLIMATE CHANGE

Climate change has been a huge impact on our planet. Because of the sudden increase in warmth, glaciers have unexpectedly started to melt, forest fires have appeared more often, and water has become more scarce in certain areas around the world. And thats just to name a few.

HOW YOU CAN HELP MAKE A DIFFERENCE

- Conserve what we use and how we use it
- Use more eco-friendly materials
- Walk, bike, or try to limit your usage of cars daily

3rd
Place

Nika Fernandez –
Grade 8

Prize = \$50 Crescent Ridge Gift Card

5 ways to fight against
CLIMATE CHANGE

- 1. Speak Up**

 Start conversations in your community about what climate change is and how we can make a difference
- 2. Conserve Energy**

 Remember to unplug devices and shut off lights in rooms you aren't using
- 3. Avoid Single Use Plastic**

 Try bringing a reusable water bottle to school or your own bag the next time you go shopping.
- 4. Plant a Tree**

 Spend time outside planting a tree with your family, friends, and neighbors
- 5. Collect Rain Water**

 Next time it rains, put out a bucket or a barrel. You can use what you collect to water your plants or flowers!
