

Singing for Purpose

– C O L L E C T I V E –

This project was conceived in late 2021 as a way for Melbourne choirs to work together to call for peace through song. Raising our voices to call for peace has a long and powerful history. Not in a choir? No problems: just come along and sing!

Thursday 6th August 2026, Hiroshima Day

Combined choirs, with Riff Raff Radical Marching Band and individual singers and peace advocates will join together to sing outside the State Library at 12 noon.
