Total- 4 sports

Feedback- Quotes from people engaged.

Thank you.

Respect, to wheelchair basketball

Wow, thank you, great job.

This is awesome.

What went well: Teamwork on all activations, community engagement, impact on community and inclusion for future events

Not so well: Security issues and had to get Boxing ring removed after activations finished on day one, no security to secure ring, which led to public trying to get in ring, hence removed by Unibox and returned for day two.

Possibly waiting for food on breaks, queuing with public made difficult for staff to get something to eat, we did pre-plan for water breaks and bought case of water for staff.
