

Hello _____,

That's fantastic news! Since your foster(s) have not yet been spayed/neutered, they will need to return to PACC before their adoption can be processed. You can make an appointment with our clinic by using the appropriate link found here: www.linktr.ee/paccfoster.

To complete the adoption, we need four things:

1. Dog Adoption Survey (<https://pima-animal-care-center.app.transform.civicplus.com/forms/33076>)
2. Adoption Agreement (<https://pima-animal-care-center.app.transform.civicplus.com/forms/33075>)
3. License fee of \$20.00 (https://pimacounty.docupet.com/en_US/)
4. Special Needs Consultation Form (please find attached. It must be printed and sent back to us via email or dropped- off in person. A staff member will contact the adopter to go over the information if the document is returned digitally.

Adoption fees are _____.

Paperwork and the alter surgery must be completed BEFORE your foster pet goes to their new family. (Please verify paperwork has been received by us before you transfer the pet.) Please let us know if you have any questions about completing the forms.
