# PROCESS

1. **Contact me:** Write me an e-mail during commission openings to [siennasart@gmail.com](mailto:siennasart@gmail.com). **NO DMS.** Try to specify the following things:

- Your character/s's appearance and personality – eg. hair, eye colour, body build, general demeanour. Basically anything that comes to mind about your character that I will need for depicting them, but no need to write an essay here. Reference pictures if you have any – not mandatory.
- The scene and pose you would like your character/s in. – If you don't specify one or both I will work from my own ideas! You can give me free hand with this if you're out of ideas and trust me enough.
- The type of commission you'd like to receive from the chart below – eg. "coloured sketch" or "soft-shaded" piece. Please include the kind of background you'd like as well.

2. **Wait for confirmation:** I'll confirm (or deny if demand is too high) your commission and will give you a quota on the price and an estimate deadline of when I can be done with your piece. This is highly dependant on the length of the queue and the contents of your order, it can take from **1 week to several months**.

3. **Sketching:** Once we have finalised everything about the commission I will provide a rough sketch as the estimated deadline approaches. At this point you can request minor changes in the sketch, but keep in mind that having to produce an entirely new sketch will come with extra costs.

4. **Payment:** After the sketch is finalised and approved by you, it's time for the payment! I'll send you an invoice via PayPal. Afterwards I will begin working on the lineart and colouring.

5. **Line-art, colouring, finishing:** No revisions after I start line-art other than fixing minor things or correcting mistakes I've made. I will keep you updated with WIP shots of your commission, typically one per line-art, colouring and shading stages. I will provide the full resolution PNG to you alongside with a smaller PNG for web use.

# NOTES

- Please don't send me inquiries about possible commission openings while I'm closed. I have no idea when I'm opening but you can sign up for a commission reminder here: <http://eepurl.com/dO8t7X>. I don't have a waitlist. When I open, **always contact me via email!** Please don't send me commission details via DMs, private messages, discord, etc.

- I will not make multiple concept sketches for you to choose from, unless paid extra for doing so. Detailed explanation from you is mandatory if you have a specific scene in mind.

- If you don't specify a pose/scene, I will make up my own and not make major changes to it later. I can only work with what I get, so if you have a certain pose and/or scene in mind be very specific, with very detailed wording and/or reference pictures. Otherwise I will take what you give me and fill in the rest. I take no responsibility for something you didn't specify.

- It's important you let me know if you want **anything changed in the sketch phase**. After I start lineart/colouring I will not change major elements of the picture.
- Let me know if the picture is going to be a gift for someone, so I know not to post WIPs/sketches to spoil the surprise.
- I don't work or reply to emails on weekends.
- **I retain the rights to post, edit, profit from, or use the commissioned images in any way I choose. I also reserve the right to refuse any commission inquiries, and/or choose to cancel any commission at any time, in which case you shall receive an immediate and full refund.**
- **Commissioned artwork is for personal use only! If you want to receive commercial rights to your commissioned artwork, let me know in advance.**

Thank you!
