

Put [Active Band Linktree](https://linktr.ee/tbdblactiveband) at your fingertips! Here are two options:

- 1) **Bookmark it**, so it's always handy in your browser bookmarks
- 2) **Add it to your device's home screen**. Then it's one tap away, just like a regular app. Read on for how to do that on iPhone/iPad and Android.

For iPhone & iPad (Safari)

1. Open Safari and go to Active Band Linktree's URL (<https://linktr.ee/tbdblactiveband>)
2. Tap the **Share** button (a square with an upward-pointing arrow)
 - Depending on your device, the button may be at the top or bottom of the screen
3. Scroll down and select **Add to Home Screen**
 - If **Add to Home Screen** isn't visible, tap **View More**
 - Recommended: give the shortcut a meaningful name, e.g., "Active Band" (the default is "Linktree")
4. Tap **Add**

For Android (Google Chrome)

1. Open Google Chrome and go to Active Band Linktree's URL (<https://linktr.ee/tbdblactiveband>)
2. Tap the **More** menu (three vertical dots) in the top-right corner
3. Tap **Add to Home screen** from the dropdown menu
4. Tap **Create shortcut**
 - Recommended: give the shortcut a meaningful name, e.g., "Active Band" (the default is "Linktree")
5. Tap **Add**

Based on [these AI search results](#) at 5/16/2026, with additions from testing. Safari and Chrome user interfaces can change at any time, so if you find differences between your browser and these instructions, please notify the [Library](#). If you don't use Safari or Chrome, your preferred browser very likely has a similar option.
