Agenda:

Funding grants for misinformation events

- We're late on paying Casablanca. Burt needs to authorize bank transfer?
 - Samantha send Burt amt and transfer info
- We will have to pay transfer fees for a few more
 - Burt will need to approve bank transfers
 - Jenny can do personally and then ask HH for reimbursement
 - Wells Fargo doesn't allow transfers to Nigeria
 - Jenny sent both to Nigeria
- [Current standing](#)
- Casablanca has been waiting almost 4 months for reimbursement, and apparently we can't wire transfer or PayPal
 - Jenny could send from Wells Fargo?

Meetup images

Update from Aphelandra?

Aphie is busy but she's cheap and fast if we need her

Samantha will go through and add photos

Example <https://www.meetup.com/Hacks-Hackers-Amman/>

Short solution is to get more high quality logos

Jenny will ask her if she can do this

-> Sam will add photos and let Jenny know if we need Aphie

MisinfoCon micro-grants

Are we still doing those?

There's still budget for that

Jenny gets notified of new applications

Not on the website anymore?

-> Sam will tell Fadwa she can apply; check if grants are still online

Twin Cities group

- Samantha has emailed the guy now running [Twin Cities meetup](#). He's not responding.
- He held [one meetup](#) that looks pretty PRish?
- Next action?
 - Message Meetup and ask them to give us access
 - Jenny might be able to email Fiona
 - Burt will email Meetup
