Dear BES Families:

Each year, New Hampshire public and chartered public schools are required by state law (RSA 193-C) and federal accountability laws (Every Student Succeeds Act) to assess students using a standardized assessment. We utilize several assessments to comply with these requirements. For more details about our statewide assessments, please visit the Office of Assessment webpage.

Schools are working hard to coordinate the administration of the statewide assessments to ensure students have access to the assessments in an optimal environment. If you have questions about test administration at your school, please contact the school principal. If a parent/legal guardian chooses to opt their child out from statewide assessments you must contact the school's principal.

Statewide assessments are an important part of a student's core educational program. They provide:
• An evaluation of student mastery of content and skills in core academic areas
• Serve as one tool for measuring the degree to which students are on track to graduate high school and be college- and career-ready
• Help inform future instruction in the classroom

Along with student work on classroom assignments, projects, essays, and local formative and summative assessments, statewide summative assessment results provide teachers and parents with important information about where students are on their path toward academic success. They also provide information on how to best support learning recovery.

Below are the NHSAS testing dates for Boscawen Elementary School:

Content	Grade 3	Grade 4	Grade 5
Science	Not tested	Not tested	May 22
ELA	May 20	May 12	May 20
Math	May 18	May 11	May 18
Writing	May 21	May 13	May 21

Parents are now able to view NH SAS student results through the Family Portal with an access code. We will be sending home these access codes with the students upon completion of our NH SAS testing process.

Please feel free to reach out with any questions or concerns.

Sincerely,
Jeff Drouin, Principal
