- Below, you'll find a list of the WiCSE Alumni participating in the coffee chats along with some information about them. Use the booking link under their photo to book a slot with them!
- After booking a 30-min slot, you will receive a confirmation email containing the Zoom link for your meeting.
- Please only book a slot if you are confident you can attend. Our alumni are generously taking time out of their busy schedules to meet with you, please be respectful of their time!
- However, if you do need to cancel or reschedule, there are links to cancel/reschedule at the bottom of your confirmation email. After doing so, please message me on Slack (Matilde Gillia) so that I can notify the alumni.
- Thank y'all so much! Let me know if you have any questions :)

WiCSE Alumni Info

Robin Fintz

Hi, I am Robin! I am currently a Software Engineer on Google Maps based in San Francisco, CA. Aside from programming, I love to spend my time exploring scenic hiking spots, running, lifting, climbing, playing guitar, painting, and attempting to beat my PR on GeoGuessr. I am so honored to meet current WiCSE members and give back to my favorite organization at UF. Go Gators!

Meghan Agarwal [SLOTS FULL]

Hello everyone! My name is Meghan, and I am currently a technical program manager at Microsoft. I spent the first two years of my career as a software engineer working with customers running AI training workloads on Azure's high performance supercomputers. I recently transitioned to a program management role and am currently working in fleetwide observability and supercomputing operations.

Karina LaRubbio

I'm a PhD student at Virginia Tech doing research on augmented reality, human-AI interaction, and privacy and ethics. Prior to this, I did my undergrad in CS at UF and master's in CS at Brown. I also did internships at Oak Ridge National Lab and the American Foundation for the Blind. I'm happy to chat with people about whatever could be helpful, but probably have the most insight on doing undergraduate research and graduate school applications/life.
