Abstract (12pt, bold, italic) .

*Abstracts are made in English. The font used is **Times New Roman** , **11pt** , **italic** , single spaced. The abstract should summarize the content which includes the devotion objectives, methods and techniques used in the research, as well as the results of the analysis. The number of words in the abstract ranges from 150-300 words.*
(one single spaced, 11pt)

Introduction (14pt, bold)

In the Introduction section, the background of the problem being solved, issues related to the problem to be solved, a review of the importance of community service and the location of the community service, and the objectives of the community service results are explained. All images you include in the document must be adjusted to the order of 1 column or the full size of one sheet of paper, to make it easier for the reviewer to examine the meaning of the image. (single space, 12pt)

Devotion Methods (14pt, bold)

The method should include the stages of community service implementation and a detailed explanation. (12 points, 1 spacing)**.**

Results and Discussion (14pt, bold)

Discussion of the results of the community service obtained is presented in the form of a detailed description. The results of the community service can also be displayed in graphs, images, or tables. The method of presenting graphs and tables can follow the following format. What factors influence the results of the community service and are accompanied by supporting bibliography (single space, 12 pt)
