6. The onscreen prompts will lead you through the Annual Information Update.

Some information can be added or changed through the annual information update, such as phone numbers, email addresses, and emergency contacts. Some information can only be reviewed. It is important to navigate through each section. If you see something that does not look right and can't be changed in the annual information update, please contact your student's school.

Important note about address changes:

Household addresses (where the student resides) cannot be changed as part of the annual information update. If the household address is different from what you see, please contact the school data manager to provide current proof of residency. This can be done after the annual update is submitted.

Parent/guardian address changes can be requested through the annual information update, however, you may be contacted by your student's school to provide current proof of residency before the address is updated in Infinite Campus.
