When do you need to have your dress ready?	Beginning of July

*Please provide a brief description of your custom costume here (color, fabric, changes to style, color of stones, etc.)

As told previously.
Please ask me if you have something not sure enough.

Fill out the measurement form below.

Correct measurements are of the utmost importance to make sure we produce a costume with perfect fit. We recommend you to wear tight clothes while measuring and have somebody else (tailor or seamstress) take your measurements. Please keep measurements in centimeters and use a non-stretch dress measure tape. Please be assured measurements are reviewed before sending us back this document.

! Please, kindly attach a photo of yourself wearing tight clothes in order to get better impression of your structure while creating your costume.

!! It is important to use our Chart on p.4 and all photos attached in your email while filling our LMF.

!!! Don't forget to write your name at the top of p.2 and p.3
