List of work undertaken to improve student achievement and school performance:	We hired a Boost teacher to support students who were in need of a short intervention to improve their grade. We did this a few times over the year with a focus on ANS and our Indigenous students. We bought scribbles for our work with Writer’s Notebook an with implementing SRSD We provided funds to help purchase a new bike for our Learning Centre students.		
Significant milestones or successes	The support with the implementation of SRSD and the notebooks for Writer’s notebook work was significant to support our students. The funds we put towards the buying the bike for the Learning Centre students has filled our hearts with joy. The students are loving the the bike and getting much needed exercise.
