

## **A Petition Calling Upon Universities and Professional Associations to Greatly Reduce Flying**

**NEW (September 1, 2021)!** See the new online [Travel Petition](#) and new [supporter list](#) from July 2021 onward. The new travel petition lets supporters choose all or some of the four petition elements, which address four distinct stakeholders: universities, professional associations, funders, and individual academics.

This page provides information about our older manual list of supporters from 2015 to June 2021. At the time, the petition included just the first two of the four petition elements.

This page lists 733 signers from July 2015 to June 2021. Of these, as of September 1, 2021, 48 supporters indicated in **highlighting** have also more recently signed the new online [Travel Petition](#).

Thus, for an unduplicated count of supporters, this page contains 685 unique supporters in addition to the signers of the new [Travel Petition](#).
