	OPEN

**MAIN SEGMENT 1: UNSUSTAINABLE [10-15 minutes]**

- Unsustainably high:
  - Gambi:
    - Colton Parayko (D - 49%)
      - 5 points in last 7 games but they all came in last 3
      - 40% shooting over last 3 games
      - 18% oiSH%
      - Still low PP%
      - Solid time recently
    - Joe Pavelski (C, RW - 68%)
      - % points coming from PP
      - Shooting at 30% over last 4 GP
      - Minutes still low
      - 100% IPP
      - 60% shooting on PP
    - Kevin fiala (LW, RW - 19%)
      - 20% over last 4
      - Better ice time!
      -
  - Gambi:
    - Blake Wheeler (C, RW - 98%)

- Point per game over last 6 games but could be better!
    - Shooting % is low
    - IPP is right in line
    - PP% is high still
  - Bryan Rust (LW, RW - 82%)
    - Ice time is still crazy high
    - Very low IPP recently
    - Solid PP Time and %
- Sustainably high:
  - Gambi:
    - Mike Hoffman (LW, RW - 86%)
      - Things in line for him
      - IPP is a touch high
      - Looks like a 75+ player with amazing PPP pace ROS
    - Mika Zibanejad (C - 91%)
      - 90+ guy ROS
      - IPP and shooting % are a touch low
      - With how much he shoots, that matters
      - Is elite
    - John Klingberg (D - 75%)
      - When oiSH% for the stars is solid, he's a 60+ player
      - When it's the normal 8-9% for the stars, he's ~45 point player
      - Good upside with an iffy floor
- Sustainably low:
  - Gambi:
    - Anthony Duclair (LW, RW - 36%)
      - Minutes have fallen off
      - Shots starting to fall off a bit
      - oiSH% is insanely low

- I'm confident there'll be a turnaround I just don't think it'll be worth it

■ Alexander Radulov (LW, RW - 84%)

- 25 point pace over last 10
- Minutes dipped like crazy.
- Peripherals also gone

■ Jonathan Drouin (C, LW - 31%)

- Immediately playing super low minutes
- No upside
