Friday 7th February 2025

Dear Parents and Carers,

On Tuesday, 11th February, we will join the nationwide celebration of Safer Internet Day, focusing on the theme ***“Too good to be true? Protecting yourself and others from scams online.”***

To kick off the day, we will hold a special E-Safety assembly to discuss the importance of recognising and avoiding online scams. Throughout the week, each class will continue to learn about various aspects of online safety, including:

- Identifying common online scams and understanding their tactics.
- Learning strategies to protect personal information.
- Understanding the role of emerging technologies, like AI, in evolving scam methods.
- Discussing the importance of reporting suspicious activities to trusted adults.

We encourage you to continue these conversations at home. Next week, we will provide informative posters and resources to assist you in supporting your child's digital safety.

By working together, we can empower our children to navigate the online world safely and responsibly. It can be a scary place, and it is an ever-changing theme!

Thanks for your continued support. Don't forget that we have an INSET day next week (Friday 14th February).
