Office of the Principal

Dear Westside High School Families,

Early this morning, we received a message that included a screenshot from Snapchat referencing a potential threat to "WHS." This screenshot did not include a screen name, but it did reference a potential individual involved. After thorough investigation, we want to reassure you that there is no student at Westside High School who matches the description from the post. Additionally, there is no evidence to suggest that the "WHS" mentioned refers specifically to Westside High School. As there are many schools in the state and across the country with these initials, it is unclear which school was being referenced.

Please know that the safety of our students and staff is our top priority. We are working closely with law enforcement to ensure that all necessary precautions are taken, and we will continue to monitor the situation closely. If there are any further developments, we will keep you informed immediately.

Thank you for your attention and support in helping us maintain a safe learning environment.

Sincerely,

Chris George

Principal, Westside High School
