

Andrea,

Maybe you've already noticed that many Instagram creators who are in the entrepreneurial niche tend to rely on Linktrees, beacons, stanstores, and anything similar.

I've been researching the top creators on Instagram who are in the same entrepreneurial niche as yours, and I believe there is a blessing opportunity for your business to scale and grow bigger. (I can't talk numbers since I don't know many details.)

To make this easy and clear for you, first, I've written you a piece, a proven approach that should make you a lot of sales. (Testimonials are on my portfolio website.)

I planned out everything, and you can put it to the test if you like it.

It's packed with high-quality techniques that should convert your warm-hot audience into potential buyers.

Reply to this email with Yes or No, and I will send you the samples and talk more about the plan.

(I can't risk landing in your spam folder, that's why there are no links in this initial email.)

Cheers!

I've been digging deep on researching the top creators in Amazon FBA coaching niche on Instagram, and I believe there is a blessing opportunity for your business to scale. (Can't talk numbers since I don't have many details)

To make this easy and clear for you, I've planned out an "event" that you can launch to attract your cold audience into your program.

You wouldn't need much effort because I will take part in the biggest work, and as a matter of fact, I don't require any capital. It's the idea that many creators don't utilize.

Reply to this email with Yes/No, and I will send you the plan, talk about it more and I will give you my portfolio website. (I can't risk to land in spam folder, that's why no links in the initial email)

Cheers!

Jordan,

Maybe you've already noticed that many SMMA or any other Make Money Online coaches on Instagram tend to rely on the same "self-help" reels and email marketing as their main source of attention.

I've been digging deep into researching the top creators in the SMMA and Wi-Fi Money coaching niches, mainly on Instagram, and I believe there is a blessing opportunity for your business to scale and attract a new audience and monetize a warm audience as well.

To make this easy and clear for you, I've planned out everything on a piece of virtual paper. It's a proven approach that doesn't require upfront capital.

It's a simple idea that I've found many Instagram coaches haven't done.

Reply to this email Yes/No, and I will send you the plan, talk about it more, and give you my portfolio website. (I can't risk landing in your spam, that's why there are no links in the initial email.)
