

Subject: Take 2 Minutes to Help Grow Your Business...

Good afternoon Richard,

My name is Anthony and I love your furniture designs, everything from the kitchen cupboards to the four poster mahogany bed. I especially like the design of the English oak refectory table.

Your website is really good, so it's important to stand out and attract more attention. To make this happen, I've made a mailing list message for you to use if you'd like. You can view it by clicking the following link...

If you're interested in getting more people to visit your site and get more customers in your store, respond to this email and we can discuss the best way to help your business thrive.

All the best,
Anthony DeZao
