

~Smutty's Terms and Conditions for Commissions~

Updated: 07/26/2026

07/26/2026 : Commission Status: **CLOSED**

I reserve the right to **decline any** proposed project for any reason, no questions

*****MUST BE 18+ TO ORDER: NO MINORS!*****

COSTS:

Audio: \$25+ per minute

Personalization: add \$30

Requests for commissions can be made here: smutgrrl@gmail.com

Please include a **brief synopsis**: 1-2 paragraphs of what you're looking for, and approximate length of audio you'd like. Price may go up depending on strain/difficulty of request.

-Exclusivity: costs an additional \$500 for me to never release your audio to the public. I retain the right to make similar audios covering similar topics to your custom file, but will **never** release the file I created for you if this is the path you choose.

-Process: Your name will be added to my **queue** after **full payment has been received**. I will not begin working on your project until it has been paid in full through my PayPal.

-For Scripts: If you write a script, or have one by someone else, I will need to read the script first, and then give you a quote. If you are not the writer of the script, I will need confirmed permission from the scriptwriter about using their work. I will need a finalized script to give you an accurate quote. (Note approximately 100 words = about 1 minute of audio, give or take)

Please **DO NOT** send me money for a commission until we've agreed on an estimate and I've accepted your project. When you send money to PayPal write "help with audio" in the reason for payment.

Once you are added to the queue, I will keep you updated as to where you are in line.

*****Audio can take several weeks to several months + to complete*****

I do **NOT** offer refunds for projects, with the *exception* that if I am unable to create your file, I will refund you immediately and send you a message. Be sure to include as much detail when describing what you would like, it will help me understand and make you a better product.

NOTE: Commercial redistribution of my recordings is **NOT** permitted. This means you are not allowed to use/produce/alter my audios on ANY platforms.
