Bitcoin

Bitcoins are an innovative method to transfer money fast, securely, and anonymously. Payments are inexpensive, as they are performed directly between users identified by a Bitcoin address. Instead of a central payment distributed peer-to-peer network keeps track of all transactions. More information can be found [here](#).

Please click the button below to generate a new Bitcoin address. Any bitcoins sent to this address will automatically be credited to your VirWoX account.

After you have clicked on the "Generate" Button, you will see here your very own Bitcoin address. You can give this address to other people. Everybody who knows this address is able to send you Bitcoins. You can see your balance on the left. If you want to see a detailed transaction history then click on "Transaction History".

Ngayong bumuo ng isang bitcoin-address upang paganahin ang Euro pangkalakal / Dollar sa SLL sa Bitcoin.

Direct pangkalakal mula € / \$ sa Bitcoin ay hindi posible . Dapat kang pumunta ang ruta sa pamamagitan ng ika-2-Buhay-Linden \$ nakababagod panuntunan, pero hindi ko maaaring baguhin ito :)
