

Evaluation sheet for the evaluation of Micro-Project

APPENDIX – B Year-2023-24 (W-2023)

Evaluation Sheet for Micro-Project

Name of Student :

Name of Programme : **Computer Engg.**

Semester : **Fifth**

Course Title and code : **Advanced Computer Network (22520)**

Title of the Micro-project :

Course outcomes achieved (Tick specific CO) :

- Outcome 1:- Implement Network Layer Protocol
- Outcome 2:- Configure IPv6 network
- Outcome 3:- Choose routing protocol in the given network situation
- Outcome 4:- Implement different transport layer protocols
- Outcome 5:- Configure various application layer protocols

Rubrics for Assessment of Micro-Project

SN	Characteristics to be assessed	Poor	Average	Good	Excellent
1	Micro-Project Title				
2	Project proposal				
3	Micro-Project diary				
4	Activity in the group				
5	Final report preparation				
6	Presentation				
7	Question and Answer Session				

Micro- Project Evaluation Sheet

Process Assessment		Product Assessment		Total Marks 10
Project Proposal (2 Marks)	Project Conductivity (2 Marks)	Project Conductivity (2 Marks)	Individual Presentation Viva (4 Marks)	
Performance in Group (6)			Individual (4)	10

Comments / Suggestion about team work / leadership / inter-personal communication (if any)
