Nana's recent Twitter was deactivated BUT if someone who goes by the name of Nana,21 y/o,goes by he/him pronouns and has a skeleton themed profile then its him  
I finally got the courage to speak up after the recent events so here we are. Before starting I'd like to mention some proofs have been lost so take things I say here with a grain of salt,my English isn't perfect either,here we go—>

•

Who is Nana?He is a person who is in the piggy and cookie run community who I recommend to avoid for the reason I'll be telling in this thread. Me and him got to know eachothers when "horny TIO" was going on and he posted a few drawings of inappropriate drawing of TIO

Without WARNINGS of a media who mostly is filled with minors and teenagers.Some friends like Sponge and Rey could remember this person because once I replied to a Sponge's post and Nana asked me what was the post about because "I am blocked"

Now,I have a strong belief that piggy porn isn't inherently wrong (expect if it is proship,unproblematic porns should be the only OKAY)but ADD WARNINGS OR BE PRIVATE. Understand that piggy is a media full of kids and Twitter isn't an adult place. Let get back to Nana himself. Me and him didn't immediatly spoke privately but interacted with eachothers tweets. Weird things were when I'd tweet that my request were open which Nana asked me to draw horny TIO(WHICH is creepy to ask a minor to draw inappropriate art as an adult

And REMEMBER that me and Nana have an age gap of 6 years.When his birthday was coming up I said how I'd draw him Mr Stitchy and TIO for his birthday and I said I'd try to grab some ideas which he then said something like "you know which ideas😁" which yknow what he was hinting😏

Then I said that I was bored in a tweet and wanted to talk which Nana said "mee" and then here we go.He'd use ;),~ and overall creepy language.He started to ask how he wanted me

to draw Tio, Willow and Mr.P to be horny over the player and horny TIO, which I have the

image 😊 sorry

Quick reminder that when he got mad at me for calling him out, he said that I wasn't obligated to draw this but the fact that he was an adult, asking a minor to draw the is is disgusting (he knew I wasn't 18+)

•  
And overall REALLY inappropriate. Until I felt incredibly uncomfortable and blocked him. Now I don't have proofs about our messages for a reason I'll tell soon. However in my old account you can see tweets of me mentioning that was hyperventilating because I was hyperventilating because of Nana was making me feel. Yua and Jules helped and witnessed and even sent the messages and how Nana made uncomfortable. Then? I put my boundaries on and mentioned that something happened that made realise I should put them. And Nana reached out to me on his TIO and insolence roleplay acc (which I assume he deactivated) and asked me who made me feel this way and? He knew he was blocked FOR SURE

And so went to me because he noticed he was BLOCKED. I figured it out because he had his birthday on his profile and knew his birthday at the time and was IRRITATED on how he reaches out after I noticed he didn't get the hint for him to leave me alone

Then I confronted him on his rp account messages and then he apologised. And the biggest mistake I did WAS TO GIVE HIM ANOTHER CHANCE! And because I didn't want to see him as bad anymore I deleted our messages in my gallery because I wanted to embrace the new nana... 😊 stupid of me

#### DISCORD SERVER

And we kept being friends before, Tame and Maya step in! Maya isn't too involved but Tame, my friend was involved in a situation I am about to mention. Please support her and Maya! Their work are amazing

Me, Nana, Jules (my sister), Tame and Maya had a Twitter group chat and used to hangout—one Nana got pissed on how Nana he disliked minors on Twitter and that they use the fact they are minors as excuse (which was awkward as everybody expect Nana were minors, seeing a pattern 🙄)

Then we had a discord server! In this server we would draw, compliment each others art, talking about or ocs etc! We had fun well used to. Now Nana would say things as “grabs balls” or nsfw comments if we introduced an attractive oc of our which- Wouldn't have been weird if Nana wasn't 21, for example if Tame or even Yua would say something to an oc of mine who is an adult I wouldn't have been creeped out because if you

are 14/15/16/17 I don't mind such comments with my adult ocs! But remember how old is Nana!!

Before continuing I would like to add that even at the time despite all of us having a server to hang out, Nana created a discord server specifically for me and him, at the time I thought it was because I was special and his favourite which made me joyful knowing someone favoured me over the others. Later I realised that it was just a tactic to isolate me.

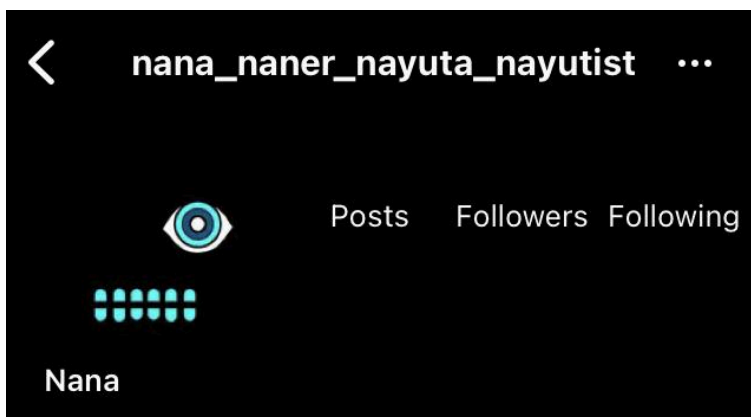

Now something that happened inbetween. Basically Tame for some time wasn't well mentally at the moment and would vent on a vent channel asking if she was gonna vomit that night everyday. Now I don't directly blame Nana for being uncomfortable with this.

And basically wanted Tame gone from us because she was making the server too negative.

After she was kicked the server was dead. I secretly wanted to reach out to Tame because I genuinely wasn't angry but I knew Nana would have been angry at me 😊

•

INSTAGRAM ACCOUNT

I'm not sure if his Instagram account is still here but if it is then this is the one

•

Then Nana and me started following each other's on Instagram. He used to have an profile that got deleted for a reason I don't quite remember but Nana was sad about it. Once I reposted in my Insta story about a cosplayers that is a pedophile and used age regression in a weird way

And nana responded that if he ever became like them I'd need to help him out basically what he said "if ever became a pedophile pls help me Livie 🙄🙄" I don't recall what I replied but I believe I said okay? This was on the profile who got deleted

(I ACTUALLY FOUND THE PERSON WHO I REPOSTED!! HERE IS AN IMAGE AND THE LINK OF THE CALLOUT, because that was Nana's old account I can't have the messages of when he asked me to help him if he'd turn out like the person I reposted the callout, every info of them below)

[https://www.instagram.com/p/Cd\\_bFB1v5ir/?igshid=YzAyZWRIMzg=](https://www.instagram.com/p/Cd_bFB1v5ir/?igshid=YzAyZWRIMzg=)

Then back in our server for some reason Nana said that Tame needed to “die” and that wanted to reach to her to tell her how much a bitch she was???which I got PISSED at him and said that he would never do that but why is a 21 telling a minor like Tame such things? 😞

Now to a more recent situation.I shared my dinner with a pink filter.I'll post down here all the screenshots and will debunk them with some bullshit he threw 💀💀 :

Now,Nana why are you angry for not wanting to have people venting without my permission?Was angry for using the word uncalled for even though?I believe the word was right to use?Remember English ISNT my first language!But got angry about it 🧠🧠  
Then brought up MY SEXUAL ASSAULT.He acted as if I ran up to him and said “Nana I got sexually assaulted just now!!”I vented in a DISCORD CHANNEL!A discord vent channel are for venting emotions but nobody is obligated to comfort you!Nana and the others chose to help me  
At their own will!Nana acted as if I vented to him without permission?I only vented in a discord channel where I always put PROPER trigger warning!And even after I never and barely vented to Nana directly 😊!!I feel he never genuinely helped me but because In the future

He'd tell me I owe him stuff!!Acting as I didn't have to deal with him wanting to die and blaming himself for things etc etc shit talking to me and lying until I blocked him.After this I was basically blaming myself and feeling terrible but then!

(In less words he weaponise my trauma to make me feel bad so he can do whatever he wants to me)

I said in my old account "hello old account" and things of that nature and I didn't block Tame in that acc and we happened to stumble on each other and spoke,she asked if I was mad at her,I say I wasn't but Nana was and I wasn't friend with her anymore and then told her all

NOW what happened yesterday? I get a notification of a comment! Guess what? Nana created a new account, went up to me as the creepy obsessed freak and commented on a post I made days ago meaning he probably stalked my WHOLE account  
And I said "KK" which then he blocked me. My sister got angry at him and the moment people defended me he said that "is Liv so weak?" NO SHIT? I am blocked how can I reply to you? If you wanna be an asshole do it properly Jesus 🤔🤔!!!  
(He also started acting like a victim) the deal is that if he was a random guy shutting on my art I'd ignore it but it's my groomer that after that made a twt account, stalked me and then

made fun of my art

You are an adult just stay away from Liv and get into your own stuff, you start the argument knowing that Liv doesn't want to talk to you anymore, act like a person your age and leave minor Alone :')

**JOKER** @JOKERxDOKURO · 13m ...

And I'm not harassing the kid, I'm literally just giving an opinion. If you think this is harassing, then you really need to stop being sensitive and realize you're on the internet. People are allowed to give opinions on the internet. And how come your speaking for your sister?

Is Liv that weak? You both are so sensitive and weak. Lol I'm not gonna waste anymore time with you sensitive babies. Just learn to grow up and get thicker skin.

And Jules saying to him to get a job made Nana say "I'm autistic!! You are ableist!!" Which MY SISTER is the sweetest and is against ableism. And Jules told me "I didn't even mention his autism and I didn't EVEN know he was autistic" basically what me mean with that "I'm neurodivergent 🤔🤔 you are ableist even though you didn't even brought my autism!!" and then acted like a victim as if he didn't start this fuss like? I blocked you? You went to my account knowing we hate each other now, go the hell away from me creep. And my followers told him off and for this I thank all of you for helping me ❤️ I'm not sure if they reported him to the point his account was gone or he deactivated himself because he knew nobody was on his side and coward away like a scared dog with his tail between its legs

But in the end? Nana I don't give two shit if you are seeing this but if you do. Go get professional help and act your age, do not try to speak to me ever again. Quit dumbing your problems and grooming minors because you have fragile esteem and get your Willy bricked up on children. Get off the internet and get actual help.

This was a lot but I was actually tired. Please get off if you support Nana. Thank you for listening to this and for Theclockshow/Roses\_ingxts to continue her career, I love you all 😭😭❤️❤️❤️

(And he tried to do a “callout “ of me and Jules and said that it was our fault we saw the nsfw things despite that at the time he encouraged us to keep up asking and looking at nsfw things—Why didn’t you tell us to stop looking at the nsfw things?Arent you the adult?Minors can be curious and engage with nsfw content.The moment I call you out of grooming me you started to make yourself look like a responsible adult in desperate way to try manipulating everybody to think that it’s my fault of everything)

If you believe my groomer is interacting with you and doing some terrible stuff to you,please

do contact me and call for help

have noticed that Nana deleted his discord account,he did so after I called him out 🤔

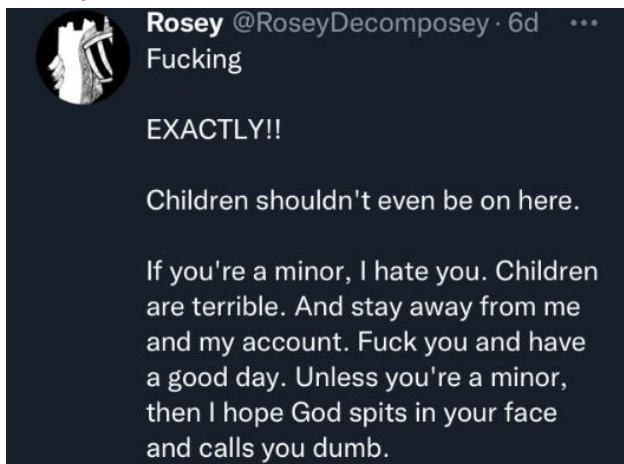

Another thing that my sister long time ago showed is this, as his old account is deleted by now we have no proof of what this could mean but with Nana’s nature we can sort up what happened in this interaction ( thanks this with a grain of salt as it’s just speculation)

Because Nana is obsessed with me, I know one day he'll be able to find my new Twitter account, if he does, it means that I'm still in his mind. (Update : this aged like wine, he returned again and again)

### 31ST MARCH

I figured out that he has found a new account and post concerning things! Please block him when you can

### 9TH OCTOBER

You know? I didn't expect and want to return to update this document ever again but I underestimated how much he was obsessed with me. What has happened? I was messaged by my mutual @Marshii\_marshii and asked me all of the interactions, the only interactions me and them had was when I warned them about Nana and they contributed to the callout. After that? We just liked each other's posts and once in a while they complimented my art via comments and so did I. We never had close and interactions to a point we were friends, we are basically mutuals. I was confused why I was asked this until I figured it out myself: Someone who is defending Nana (who I'm not even surprised if it's Nana himself) accusing

Marshii of being a pedophile for being “friends with me” with no proofs whatsoever, and saying how “Marshii is more of a pedophile than Nana” if an adult on their SFW account follows an artist who is 16 is more pedophile than a whole groomer with hundreds of proofs and document then this world is entirely doomed.

Then I was accused of using piggy “as a way to get popular” even though I had a SPECIAL INTEREST( if you don’t know special interest is an autistic trait similar to a hyperfixation expect way longer. Keep in mind that Nana suggested and pretty much helped me with understanding the big chance I had with being autistic, it all started when i complained in our now deleted discord server on how I was overwhelmed with sounds and every sound at school.)2 whole years and all the drawings and everything I put into piggy was all from passion, piggy was everything I loved for years until everything that happened. Popularity was never really something that I really wanted, it’s normal to complain if a post of mine flipped etc etc as I always poured my heart in my drawings and fanarts but if someone draws fanart for popularity: who cares? People want a way to get money especially if they are an artist in their career and there is nothing wrong with wanting to be popular, but accusing me in this way is stupid LOL I was truly passioner until Nana decided to be a gross idiot with me.

### **ITSOKAMII COLLABORATED TO DEFEND MY GROOMER**

I have a good reason to hate the fandom and game itself lol especially I was part of it for 2 whole years

21:08

**Airés**

In September 2021 i met a sexual abuser/groomer via his piggy Tio fanart and was sexually abused by him, the reason I left is rooted by how my comfort characters TIO and Mr.P were truly ruined by him and couldn't stand looking at them anymore. If didn't join piggy fandom I wouldn't have met the abuser I was able to get away just a few months ago 🙈🙈 once in a while like to make fun of the fandom because most of them start drama for stupid things but ignored my awareness and callout post I did on my pedophile abuser 🙈

I cannot even find any of our conversations in my old accounts( in my current one me and them did not interact nor follow) and even if that conversation ever happened, that does not make us friends just because I let you vent once. If you ask any of my old friends you will know damn well they never went in a livestream of mine.

Yes I may have been a little bit rude in the message but if someone starts saying on how I am disgusting for hating a now long gone 2 years special interest of mine because of how I was groomed I have no obligation to be nice with you :^|

And how You, Itsokamii are collaborating to defend a pedophile. I have no sympathy whatsoever and you prefer defending them because I was “rude to you” and accusing and saying things I never did nor remember.

**ME PROMOTING IN MY OLD ACCOUNT ABOUT MY NEWEST CONTENT IS BAD IG????**

They also brought in how I'm bad because “I promoted myself” when I asked on my old account if there was any new piggy drama and when Minitoon commented it got a lot of attention, attention I never really get in my new account! Since I'm making a GAME PROJECT with me and friends and it's gonna come out next year I wish for the support of our hard work. Plus it's not bad to promo when a banger post happens ??? A lot of people do it and it's not wrong! Artists know the feeling of a random meme or tweet getting more attention than they ever had with their creations. And they went off on how it's stupid for me

to promote my art as it is “repulsive “ in terms of themes( PS my art Comes off as gorey and with sensitive topics) but the piggy fandom has: The result of insolation etc ! Games more repulsive and gorey than ever of my content!

He started replying to two friends that were involved in a part of the situation with black screen with a beeping sound video which is rather creepy and weird, they replied to other people like that but to Maya and Tame, important involved in the situation.

**I'M NOT A GROOMED BECAUSE I SHARE THE SITUATION PUBLICLY SO NANA DOES NOT GET ANY VICTIMS TO THEIR LOGIC!**

What is sad about this image above is that no victim of grooming would be this excited about others spreading the word out like this. You can just see how happy she is for the attention.

Nana and these people have a running phrase which is "if I share the document apparently I brag about my grooming situation " which is insensitive and stupid: if you're friend gets abused and groomer and they would do a callout you'd be there for them right? But when I do a callout of a pedophile god I'm doomed because I'm a liar! Apparently! God wish I wasn't groomed and never met Nana, I wish I never had to remember about you but I was awakened by your desperation you have with me. And I don't like standing there as much as you wish I was, I'm not letting a bunch of people talk about a situation they don't even know about, I will never let it happen and will fight for myself.

#### **POSSIBILITY OF OTHER PERSON DEFENDING**

With a weird timing I got this dm which was creepy, even if I'm not sure if this is them, my friend told me because of the timing and how they acted is a full possibility. Take this with a

BIG GRAIN OF SALT, it's just a theory and that's it. Especially as I have no ex friend that has such behavior nor name. The Name is unknown to me and it's not even their main.

**10TH OCTOBER**

**UPDATE OF ITSOKAMII AND THEIR CONTRIBUTION WITH DEFENDING MY GROOMER**

I was updated about the reason why they defended. I was told that Itsokamii was manipulated and that they did NOT know what Nana did, which made them blind fully going after me and defending my abuser. I was not notified by this, no one did only after I did the callout. For what I was told Nana told his usual lie about how I “destroyed their life” because I called out his abuse towards me.

All of this is all thanks to Spen\_073 for all this information, they have cleared a lot of things that weren't clear.

### **MY MESSAGE TO ITSOKAMII AND SOME OF THE REACTIONS OF MY CALLOUT**

I was not aware of the manipulation that Nana has put Itsokamii and made them believe him, a groomer abuser over the abused victim (me). But that doesn't make it okay if what they have done and said. They have made some believe my abuser and I have been called means thing( even from you Itsokamii, calling me disgusting for leaving a fandom because of the sexual abuse) I have been called ABLEIST and DISTURBING names, I have been blamed for being abused by Nana, Victim blamed and told me that it is MY fault for not blocking him "sooner" just because they immediately believed you over the victim of the situation. I have all the rights to be angry, all the rights to not accept any apology of the people who have called a LIAR for being sexually abused by a scum bag like Nana is. All that happened today was me being BLAMED for being sexually abused and I owe no one an apology (except for itsokamii, you'll understand soon) all of the people victim blaming me DO NOT know how being groomed feels like

Clockshow is this toxic user that used to be in the piggy fandom and was friends with Spooky. One day, they had an argument on Instagram, because Spooky was telling Clockshow about a sad childhood memory, and Clockshow got mad at him and said that it was uncalled for.

Spooky tried to post on Twitter again, and was completely done with the drama. But people that knew clockshow or were friends with her found the new Twitter and started up the drama again. The friend of clockshow made a huge tweet about the lies that Spooky was a groomer, and

### MY FEW WORDS WITH ITSOKAMII AND SOME APOLOGIES

EVEN if in this situation I am the victim of the action that were done by Nana and Itsokamii and whoever also defended them: but Itsokamii it's a victim of Nana's manipulation . I have suffered of my sexual abuse but i am AT FAULT of one thing and that is not being aware of how Itsokamii was ignorant and unaware of what I went through. If Itsokamii, you're reading this then even if you have contributed to made up lies to victim blame me and even what you have done: you have been manipulated by a sexual abuser who cannot accept his actions. I am truly sorry for getting the wrong idea from you and even if I'm not fully accepting it's my part to apologise for not knowing sooner what you have been told. Take all of your time if you wish we'd discuss this. Please take care.

### NANA AND THE OTHER ACCOUNTS STATUS

Nana deleted his own account for the hundred time because he cannot own up to his mistakes and accept them, once again :^  
Even the stranger who defended him is gone and Itsokamii account is gone too. Making all of the defenders and partakes + the groomer all gone as of now

### 19TH JUNE 2023

I was informed that once again that Nana has made another document explaining his side of the story and, I'm honestly tired when this situation is done for a while and things have been said so many times but can't seem to go through skulls.

This happened when I was 15 and now I am 17 and the only things I've read is how Nana is more apologetic yet his explanations are very much flawed and made me raise my own eyebrow.

(I'll be using the pronoun "you" as if I'm speaking Directly with Nana.)

### **EVERYTHING I HAVE TO SAY**

**I am not going to section because I'm genuinely so livid I can't even bring myself.**

I, myself am autistic and I can't help but still see this pattern of weaponizing your own disability because it's a tactic that you have been pulling off...since my first callout.. When my sister told you off to get a job you immediately jumped at her by using YOUR own disability as a weapon and to accuse her to be ableist(proofs way back up) despite there was no sign or mention of any autism nor disability meaning you hold it to use it as a shield whenever you are in trouble, you do NOT take it seriously and whenever you are in the wrong or feel attacked you excuse it by saying you're Autistic. Autism should explain your behaviour not excuse it and it has become tiring. What I notice is that you portray yourself as this sensitive person while yourself is VERY INSENSITIVE:

Back when you told me how a story of a friend rice reminded you of your father leaving you because of the pink filter reminding of cotton candy cloud , I took it as trauma dumping due to how sudden the info was delivered, after that I did clarify in my story that if anyone want to vent with me, to ask permission BUT that was your opportunity to not only get angry at me but to start using my own trauma against me! You started using how my mother sexually abused me against me despite how much I trusted your information and accusing me of venting out of the blue and that I went crying to you guys when I was sexually assaulted despite I literally did it in a discord server with TW's(I can't believe how much I've mentioned this I'm going crazy) and what even worse is how I never?? Use what you vented to me against you! You called me a bitch, a sensitive bitch to be exact! And so many more cruel insults, you're NOT the clueless naive person you keep telling others to be, whatever you did was PURE EVIL, lashing out at a 15 y/o and using their CHILD SEXUAL ABUSE against her. What even worse is how because i don't want others to fall under my same experience, everyone has to know that I have been sexually abused, others wouldn't know if you didn't decide to be CRUEL. Nana, you were 21 and I was 15, literally 6 years gap, I don't understand how this friendship shouldn't have started to begin with because what kind of 21 targets 14-15 teenagers to be friends, no drinking legal adult has anything in common with a freshman's /sophomore!! You keep saying how I had all the freedom to decline drawing suggestive and nsfw-ish TIO drawings, along with in dms you requested that you wanted me to draw TIO, Willow and Mr.P being "HORNY" over the player which I don't have screenshots anymore but YOU know YOURSELF how that happened! When you apologised yourself for that happening you literally apologised not because it was of nsfw nature but because "oh sorry because your headcanon with Mr.P is demisexual " like!!!! The situation isn't wrong because you requested me to draw a fictional character I head canonised as in the asexual umbrella in a sexual scenario but because you, a 21(now literally turning 23) requesting a LITERAL MINOR to draw nsfw-ish material: there is no "you could've said no" because YOU. SHOULDN'T. HAVE. ASKED. A. MINOR!!! TO DRAW 18+ CONTENT TO BEGIN WITH!! You do realise?? THAT'S illegal?? You could go to jail for that!!

AND YOU WERE AWARE that sharing NSFW with a minor is wrong because you used to have NSFW account were you said "18+ only" so your excuse that "I didn't realise it was wrong " is wasted because you knew the basic criteria of nsfw being away from 18- people.

You also told me if you ended up like a pedo like that one callout post I shared in my Instagram story I should help you?? What the fuck?? Why should a minor be helping an adult to recover from a paraphilia??? I genuinely can't form my own words anymore because of how many times I've explained why what you did was wrong and it's literally better to look up the document and read it by yourself and to question yourself. the nsfw TIO driven

drawings were wrong to begin with because, not sound like a “puritan” but with a fandom full of children you posted them without warning and MANY people minors and adults in the fandom were uncomfortable with how without warning you posted such things: piggy nsfw isn't inherently WRONG as the game is not only a horror game with sensitive topics n all, but how the entire audience are kids-teen you should put a warning n all that, there is no “haha!Twitter isn't safe for children. Why would I put a warning?” Why would you make your way to make the fan base of a roblox game unsafe?? And you keep saying how you can't be a groomer because “you didn't know what a groomer is” despite so many doing things without even knowing what they're doing, for example someone could be stimming due to their autism but they do not even know what stimming is! You can't keep trying to excuse your way in such way because you did in fact groom me: Always being how you are so older than me, isolating me from the other group with our own server, literally having me as your “favourite”, how I was so mature, how my voice was mature and how you always wanted me to meow via voice messages + with all the thing you've have done to me that you're lucky I've lost proof of, you are a creep.you liked me being mature? Well you do not look like you like me being mature because I actually understand what you did to me.

He also says that “I wish Liv didn't do this document and ACTUALLY discussed privately with me”...you didn't give me that option because I was blocked, after that day you went into my Twitter and told me “haha your art sucks it's not diverse” and kept acting egotistical and cocky about me, insulting me behind my back because I was blocked. I didn't discuss it with you because you DIDN'T give me the chance. Another reason it's because I know in private you would have spin things around, because it is public I have the opinion of everybody. You also took advantage of another minor “Itsokamii”, it was obvious you were that other account because LITERALLY nobody of good mind would think you're in the right, you went with someone younger than you and manipulated them, Itsokamii trusted you but you manipulated them by telling your part of the story which is full of lies and made up things, you keep talking and going all over “hearing both of the parts!!”but you only told your made up story to itsokamii because YOU know anybody with common sense wouldn't trust you if they know the entire document I did. My document has proof and it's not like anything is taken out of context, THERE IS ALWAYS A CONTENT And if there isn't I always explain it. This is not a case where I am the only lunatic who thinks you groomed me, so many people, including ADULTS literally agree that you groomed me, you need to stop living in your roses coloured world and step up because you aren't in a fairy tail, you need to own up to your own actions.

I want you to get help because this is not okay, this is the third or even fourth time you try to go against but the more you do the more you confirm that these things happened, just stop. **I might've missed some things but please just read the entire document because the last section is up to Nana to read,and for Nana please just read the entire document because it looks like you act clueless trust me, read the entire thing because you should really understand what you did.**
