

SCIENCE SYLLABUS

Mrs. Mazalewski | Grade 6 | 2025-2026

COURSE OVERVIEW

Through inquiry-based learning, hands-on activities, and real-world applications, students will be empowered to explore introductory Earth and Life Science concepts. Students will develop scientific thinking, explore the scientific method, and engage in hands-on investigations to build their understanding of the natural world.

EXPECTATIONS

- 1 Follow all SOAR School Wide Expectations
- 2 Each student will work to his/her full potential.
- 3 Each student will treat all members of the class with respect.
- 4 Each student will be honest and be responsible for the integrity of his/her actions.

GRADING POLICY

The following assignments will be graded and scored based on the Standard Reference Grading (SRG - 1-4 Scale).

- Assessments/Quizzes
- Classwork to include science labs, activities, and presentations.
- Collaborative participation in group or partner science/engineering activities and Technology-based assignments

LATE WORK POLICY

When absent, please check both Google Classroom and the Absent Materials bin in the classroom for make-up work. It is your responsibility to get your missing work and reschedule missed assessments.

WHAT TO BRING

- ☐ Science notebook
- ☐ Pen, pencil, ruler, and colored pencils
- ☐ Science Folder
- ☐ Charged Chromebook
- ☐ Planner
