Which links?

Attachments must be 100KB maximum.

these links don't
respond at all either

Hi Guillermo,

I think it's clearly a local thing form me. As I'm sure it would be more than me
who would have noticed :)

I was just posting to see if anyone had the same experience at any point in time?

Subscription ?

Attachment ?

This is constantly rotating, even though
I'm not using attachment, if I do want to
use it, link doesn't respond at all
