

Dear Sacred Garden Friends -

We have created a wishlist for needs and wants in our Sacred Garden. Our list is always changing and evolving so please check back often to review any new wishlist items.

Seeds / Bulbs / Tubers / Plants

- ☐ Dahlias (tubers and/or plants preferred – planting time March - May)
- ☐ Sunflowers (seeds – planting time March - September)
- ☐ Calla lilies - white varieties (tubers and/or plants – planting time December - March)
- ☐ Lisianthus - any colors but especially white + purple (seedlings preferred they are hard to grow from seed! Planting time March - June)
- ☐ Catmint, Lavender, Lemongrass, Rosemary, Scented Geranium, Basil, Bee Balm (seedlings/plants/cuttings from your yard...we will take any of these, at any time. We are working on some perennial border beds and all of these will provide some mosquito repellents, food for pollinators, and are just pretty!)
- ☐ Any bulbs, seeds, or divisions from plants that grow well in your yard! We have many areas that could use some pretty greening up or flowers. We have both shaded and sunny areas.
- ☐ Replacement shrubs for behind the greenhouse/hut. We were gifted these shrubs last year and a few didn't survive the transplant but we'd love to replace them to create a hedge to hide the cemetery shed.
- ☐

Maintenance Items

- ☐ Heavy duty hose reel/management system
- ☐ Timers (for hoses + watering)
- ☐ Solar water "bubbler" (we would like to have a water source for pollinators + birds, but cannot have standing water. Something similar to this would help:
https://www.amazon.com/dp/B08SBXBN1N?pd_rd_i=B08SBXBN1N&pf_rd_p=b000e0a0-9e93-480f-bf78-a83c8136dfcb&pf_rd_r=73J975HFNQ4D6AM8JEKA&pd_rd_w=g8UbG5&pd_rd_w=8Vznq&pd_rd_r=47dc93bf-5f37-4b4d-bd5d-25e43894e98d
- ☐ Citrus tree fertilizer (we have many citrus + avocado trees that require feeding several times a year)
- ☐ Fish emulsion fertilizer (it is smelly but it works!)

- ☐ Mighty Mint Rodent Spray (works to keep the squirrels away from the bulbs but is all natural and safe for other critters + kids!
- ☐ Drip irrigation kit for raised beds (ACGS kids are using the raised beds to grow pumpkins!)
