Experience

RETAIL MANAGER | Safeway | 04/2018 - Current

- Developed and implemented new procedures based on sales and customer trends, resulting in a sales increase of over 20%
- Analyzed sales patterns and adjusted inventory, reducing inventory erosion to less than 10%.
- Mentored and trained a team of 30+ employees in inventory management and customer service.
- Communicated and effectively managed all Company programs and store activities.
- Ensured that all associates receive effective training and continual feedback through coaching, counseling, and recognition.

INVENTORY CONTROL MANAGER | Magnolia | 04/2017 - 07/2022

- Successfully optimized inventory procedures, minimizing total inventory shrink from 5% to below 1% within a year.
- Efficiently maintained meticulous records of inventory, orders, and shipments in a 20,000 sq ft warehouse.
- Manage and train employees in sales and inventory roles to ensure clear communication to ensure effective inventory control practices.
- Used reports generated by the owner to follow and investigate major discrepancies.
- Interacted with purchasing, accounting, and customer service on direct conflicts affecting customer orders.

INVENTORY SPECIALIST | Best Buy | 04/2017 - 07/2022

- Cut labor costs by 20% with improved accounts receivable and payable system.
- Boosted online store sales by 10% through strategic promotions and product placement.
- Led a team of 5 employees in daily and weekly physical inventory counts, reducing store shrink to under 1%.
- Developed and communicated a workflow process for the warehouse management system.
- Involved some customer service, stocking/restocking and light to moderate cleaning.
