Message from ETs: Let go of greed

[A typical message of many we receive. -- Moderator]

Dear Mr. Glen Campbell;

I have been an experiencer since I was a child. I have had numerous surgeries performed by the ETs and have been fearful of them because I didn't understand why they did what they did to me. In fact, I even tried blocking everything out of my mind because it didn't make sense to me. When my dreams of events and fear began to take over, I finally sought help in July of 1997 from a very wonderful psychologist who has helped me immensely. Since May of 1998, I gave up my fear and all resentments and asked for the ETs to tell me why they selected me. I have asked to see my ET Guide and have reassured him that I would try not to be afraid and would accept whatever he had to tell me or show me.

Since then, he has given me incredible experiences that I wish I could share with all of you. He has shown me the future and has filled my heart with hope. Most recently, he gave me an implant that has totally baffled my doctor. At first I wasn't sure if it was good, but since then, I have been able to experience some of the most fabulous changes in my life that one could ever hope for. I didn't think I was worthy of such communications and teachings, but apparently THEY did. When I asked to be able to remember my trips, they took me aboard a transporter ship to a huge dome shaped ship and showed me some of their technology. They can cure all illnesses and diseases, but do it only for those who have special missions to fulfill. They tell me that some humans create their own illnesses as a way of leaving this Earth; some have another lifetime to begin and can't do it until they end this one. They explained so much to me, yet I still have much to learn from them.

I have been asked to pass on a message to all people of Earth from
