

Jared Haag

I am extremely excited to serve as the Elementary Principal at Bennet this upcoming school year. My wife, Megan, and I have three children, Nadeane, Nixon, and Noah. We love to be outside playing with our children and enjoy spending time with our family. I attended Peru State College for my Bachelors degree in elementary education and received a Masters in Curriculum and Instruction. I recently graduated from Doane College with my Masters in Educational Leadership and am currently working on my Education Specialist degree with the hopes of finishing with my Doctoral degree in Education Leadership.

I look forward to meeting each person that makes up the outstanding community of District OR-1 and am excited to partner with each of you to deliver a high quality education for all students that attend our school district.

Fun fact: In my extended family, 27 of us are current or retired educators! Teaching is in my blood and it is an honor to continue the family legacy of serving students and families.
