Subject: Bring Ohio Back Campaign Launch

To: [REDACTED]

Early in this election cycle we, the veteran partners of Bring Ohio Back, invested our own resources to launch a 2022 campaign to bring to light MAGA extremism in Ohio. Some of you gave significant dollars in support.

We are pleased to announce that the Ohioans for Justice and Integrity, directed by well-respected veteran political consultant AJ Stokes, asked us to join him in launching a multi-million dollar statewide independent TV campaign in support of the Democratic candidates for the Ohio Supreme Court.

The US Supreme Court ruling ending Roe and giving abortion choice back to the States has made the Ohio Supreme Court races the most critical in Ohio.

On Thursday, October 6, we launched our first statewide TV ad called "Choice" outlining the extreme anti-abortion law supported by the present MAGA Republican Ohio Supreme Court. The ads are currently funded through October 17.

To continue the campaign through Election Day we desperately need your help. Please view this first ad and press donate to help fund our effort. Any donation \$100 to \$1000 will be greatly appreciated. Thank you for your consideration.
