

w-PRICING-

These are the base prices for all of my comms. If you'd like examples for each of these, go to the **ART EXAMPLES** section of this document. I will also make alts for any comm. Depending on the scale of the changes, they could either be free, or require some extra payment.

* My comms are currently only open privately to friends, these new prices represent my current limited comm prices. I am still willing to hear out comm ideas during this time, though whether I take it or not will depend on if I like the idea or not.

* (I am not sure when I will be publicly reopening comms)

Extra Charges

Non-Vore/Belly Drawings

- I don't like drawing non-belly stuff, so I will be adding an extra charge to any arts that don't revolve around that

Character Complexity

- More complex characters will incur a charge that depends on their complexity and the pricing tier

COMICS (4+ Panels)

If you have a comic idea, let me know! I will most likely discount the price that would normally be per image depending on if I like the idea or not. (Price will change on a per-case basis)

Character Ref Sheets

Starting price will depend on character complexity. Ref sheets should usually be Flat Color, so that is the basis I will run off of. Additional costs will depend on how many parts you want the sheet to have (alts, rear view, facial expressions, etc), all depending on the character's complexity as well. This will typically have an additional charge in the case of creating a completely new character.

-FEATURED DISCOUNTS-

*** Discounts are currently not offered during this private comm hiatus**

Every once in a while, I will give some discounts for topics I am liking at the moment, whether they be general or specific. You do NOT have to go with one of these topics, they are just there to reward someone choosing one of those topics. Multiple temporary discounts ~~cannot~~ stack, if multiple are applicable to the comm, I will apply the highest of the applicable discounts.

Current Long-Term Discounts

~~SPECIAL - My OC as Pred - 15-25% Discount~~

~~If you are wanting some sort of comm with one of my OCs as a pred, whether it being with one of your OCs as well or eating one of your OCs, I grant a special extra discount to any panels actively including any of my OCs in such a way. Normally has a 25% Discount, but lowers to 15% if it's stacking with another temporary discount.~~

~~*Can stack with temporary discounts~~

~~*Only applies to the panel(s) including my OC(s) as pred~~

Current Temporary Discounts

Last Updated: 6th of April

~~HORNY MALE PREDS - 15% Discount~~

~~Any arts depicting a male pred getting horny (erect) from melting down a meal will receive this discount.~~

~~*Only Applies to the panel(s) including the discount content~~

-PAYMENT-

Payment Details:

Reach out to me through discord!! (mysticsummoner)

Payment is accepted through either **PayPal** and is paid in USD.

For Sketches, payment is to be made upfront. Comms over \$50 (USD) will need to be paid upfront as well. Anything else below \$50 can either be paid upfront or after seeing initial sketches.

Timeframe:

It may take me a while to finish depending on motivation and whatever else I have going on, so please have a bit of patience if things go wrong (shouldn't ever be more than a month).

Slot Info:

First slot is always first come first served, the followup slots may or may not apply this way. For slots that are Mystic's choice, I will pick whatever comm idea I like most after I've received a few.

-WILL DO / WON'T DO-

IMPORTANT NOTE:

- I do not do other belly fetish stuff (stuffing, pregnancy, inflation/expansion), I really only do vore

General Guidelines:

- **Oral Vore, Anal Vore, Cock Vore (Depends on mood)**
- Gender does not matter
 - If it is going to be visible in the comm, genitalia must be human
 - I typically won't do strong/masculine characters (whether female, male, etc.)
- Must be humanoid
- Furry characters are a case-by-case basis
 - I don't really have experience drawing furry characters so it would depend on how I feel about the character

WON'T DO:

- Underage Characters
- Loli/Shota
- Aged Up Characters
- Hard Digestion/Vore
- Extreme weight gain (blobs, more than a tiny bit of chub to arms or face)
- Disposal of any kind (Scat, watersports, etc)
- Non-vore sexual situations
 - I don't like sex outside of situations where vore is included (before/mid process, not after)
- Incest (sexual content with family members, I am fine with vore for those situations)
- Giant/Giantess pred
 - There needs to be a noticeable belly bulge (enough to where the whole gut is bulging out a little)
- Any illegal/immoral activity
- Hyper Proportions

NOTEABLE WILL DO'S:

These are not a full list, just notable ones that might be good to know.

- Horny male preds
 - Nudity/Erections
 - Jacking off (usually reserved for vore situations only)
- Horny female preds
- Bones
 - Either in the gut or out

EVERYTHING ELSE:

I'm probably fine with most other things, just ask when you're presenting your comm and I'll tell you if I won't do any parts of it.
