Free · Offers In-App Purchases

The Naperville Swim Conference uses Meet Mobile, a mobile application, to post results from swim meets as they are getting scored during the meet. This app allows families to follow favorite swimmers, view heat sheets, and get real-time updates to scores. Families will have to download from the appropriate app store.

The company charges a yearly fee for this app (\$9.99/year) per device. If a family wishes to get the program on multiple devices, they must pay on each device.

Click on these links to download the app.

Note: Please note that families will have to search for the specific name of the meet. This information is posted on each team's website under the events.
