

CCSS: RH. 9-10. 4.

Determine the meaning of words and phrases as they are used in a text, including vocabulary describing political, social, or economic aspects of history/social studies.

Ohio 2010 SS Standards, American History 10.

The rise of corporations, heavy industry, mechanized farming and technological innovations transformed the American economy from an agrarian to an increasingly urban industrial society.

I will create a foldable using the template and write a definition, a sentence, and illustrate the meaning of each vocabulary word.

Procedures: I will...

1. Create your foldable by folding your paper in half, making 5 cuts, and placing vocabulary words in appropriate places. Use the example provided.
2. Write the words on the outside of the cut flaps.
 - labor union
 - corporation
 - entrepreneur
 - laissez-faire
 - monopoly / trust
3. Your illustration(picture) goes in the outside with the word. Your illustration will show the meaning of each word or symbolize an idea to help you remember the word.
4. The definition goes on the inside of the foldable (on the page not cut). Define each vocabulary word using the glossary or a dictionary.
5. Write a sentence using the vocabulary word. These sentences should be placed on the flap of the foldable that opens.
