I need to make sure I can actually draw what you want before accepting the commission or any payment

*Doesn't really apply if you commission me through Ko-fi

My Ko-fi account can be found [here!](#)

!!Things I will not draw for you:

- Vehicles
- Complex mechas / robotics
- Political / hate art

(If my queue is full, either check back later or contact me if you'd like to be put on a waitlist! Note that the waitlist will not automatically secure you a spot, it's just a reminder for me to reach out to you once I have a slot open to say "hey, if you'd still like to commission me, I have a slot

available!” Payment is the only thing that will properly prioritize you. The waitlist will also be a first come/first serve basis, so be quick)

Other areas of note:

-If you are commissioning an OC, **please have a reference sheet ready!**

- Complex character designs may be subject to an additional fee at my discretion. If this applies to what you want but you don't want to pay this fee, design simplifications can be negotiated
- Maximum amount of characters in one piece is 3
- Not offering backgrounds

Timeline

- Sketches will be done within 7-10 days after payment
 - Renders can take up to a month after revision for me to complete because I'm meticulous
- With all that said, feel free to contact me at any time for an update on how your commission is going! I generally try to send updates after every stage in the process, but if it's been a while since you heard anything, don't be afraid to check in

!!If your commission is a gift or has some other kind of special deadline, PLEASE LET ME KNOW BEFOREHAND!!!

Terms

- I won't start on your commission until I'm paid, straight up
- We can discuss your commission even if you can't pay right away to secure a spot on my queue, but paying clients will always take priority
- I don't do refunds **unless something comes up on my end**, so make sure you're 100% certain you want what you're paying for
- You are to let me know if there should be any changes made to your commission whenever I give you updates. I'll allow minor adjustments/tweaks to finished pieces but if the changes are too big or too many at that point, I will charge extra
- Finished commissions will be sent to you through your platform of choice. Bluesky doesn't allow images through dms yet and Twitter compresses everything to hell so I suggest either email or Discord (I have Nitro so file size isn't an issue)
- I'm free to post your commission on any of my social media accounts (you won't be named)
- You will not put my art into any crypto/NFT scheme
- You will not put my art through AI software of any kind
- You will not use my art for commercial purposes
- You will not claim my art as your own
- If you repost your commission anywhere, please remember to credit me!

By commissioning me, you hereby agree to the terms outlined above. I retain the right to deny service to anyone should said terms not be respected or I am otherwise made uncomfortable.
