

Hey it's Mew2king, **save this Google Doc link when you see this**, because I will always update this (at least pages 1+2) moving forward, with new sponsor stuff I currently have activated (such as HelloFresh, Factor, or other sponsors, because I can only have 1 sponsor "activated" at once). Last page is other m2k hyperlinks, but please read everything once, it's a lot less than it looks (since the text is big).

i also multi-stream on

<https://twitch.tv/mew2king> **and**

<https://youtube.com/therealmew2king>

Make sure to subscribe to both and hit notification bell for when I go live.

^ There's almost no ads on youtube, but i also make much less on youtube than on Twitch (Subs remove all ads on Twitch, see below for more info and details on things). I usually multi-stream on twitch+youtube

(sometimes only twitch) so that I can grow both, and so I can accommodate everyone optimally.

Read below for other free ways to support (such as how keeping my streams on on Twitch/Youtube and 247

channel helps me, and other stuff, all adds up a lot), <https://twitch.tv/mew2king> (most common stream place, ad money helps me a lot here, or you can Sub/Turbo/Prime for no ads, Prime is free you can use once a month, and Twitch Turbo is unique in the fact that the ads dont play for you but I still get paid, at an average rate of about 1 dollar every 8 hours a stream is on, so keeping my stream on overnights or when you're at work is optimal).

<https://youtube.com/therealmew2king> (helps youtube algorithm, less ads here [although you can remove them completely on Twitch via Subscribing), but i make much more on Twitch)

<https://twitch.tv/mew2king247> (my past broadcast channel, to farm ad money, never goes offline so it's easy to do any time that my main channel isn't online)

Make sure to NOT Mute twitch, or I don't get paid for the Twitch ad money.

I keep forgetting to turn Youtube Membership on, so just do what I wrote above if you can. I also do coaching in Smash, book on

<https://metafy.gg/@mew2king/sessions> or if you do a food sponsor (page 1 of this google doc will show which one is activated), then I'll give a free session (or just do it to help me for free)

I will be multi-streaming on YOUTUBE on
<https://youtube.com/therealmew2king> , follow that.

To read this type **!Gdoc** and **!247** in my Twitch chat

Keeping my streams on AS MUCH AS POSSIBLE (make a habit of this to help me optimally longterm) helps me (DONT MUTE TWITCH) on <https://twitch.tv/mew2king> and <https://twitch.tv/mew2king247> (follow it now please) with ad money A LOT (about \$2-3 per 24 hours, per channel, per person)

Subs get 0 ads on Twitch and many other perks (50 emotes, 10% off Metafy coaching, etc), my Youtube stream also has less ads, but i make way less there too)

Hey guys it's Mew2king, I will update this frequently so we know the best ways to support each other (there are optimal free ways, and optimal paid ways). I will post the optimal support methods here on a regular basis (such as biweekly or monthly sponsors), but for now just read the below. Consider setting a monthly alarm for updates on this, or for unused Twitch Primes you could use to help (they get wasted if they aren't used btw).

The newest update I have is my new 247 channel <https://twitch.tv/mew2king247>

which I'm getting monetized soon, **you can keep this on often (resetting every 48 hours to be optimal) if you want to support me optimally, for free, and easily.**

Optimal support for “FREE methods” is:

1) **keeping my Twitch streams on whenever you can),**
but DO NOT MUTE TWITCH (doing this helps me a LOT with ad money each day, giving me **about 3\$ every 24 hours, or ~\$1k a year.**

(If you are **not Subscribed OR have Twitch Turbo**, I get paid from ads)
^ I have to reset the stream every 48 hours or sooner, so come back often (you have to come back manually shortly afterwards, more reasons/details explained below). Sometimes I raid someone then ask to be raided back later and start streaming soon after. On that note, Twitch Raids are really good for me usually (esp early on my stream, since I have to reset at the 48 hour mark).

Note (**to watch my stream while ads play, do this**): When an ad starts there is a little preview of the stream that is still going on in the top right above the chat. You can then **press the popup button and a window opens up in which you then can enable the sound and enlarge it if you'd like** <https://i.imgur.com/N9OCdyH.png> (You can also be a **Subscriber/Prime/TwitchTurbo** to get no ads, and with **Twitch Turbo** I get paid for ads that “Would have played” so that's really good depending how you want to support me, or what your preferences are.)

I ALSO HAVE A 24/7 channel to help me,
<https://twitch.tv/mew2king247> which I should be getting monetized in a few

days, **please consider having this on as often as possible too** (it resets every 48 hour mark exactly so refresh after then to be optimal), this can help me with almost doubling my ad revenue for each person that does this. **Dont Mute Twitch**

2) or, using **Free Twitch Primes** (set a monthly alarm so you always remember, to be optimal so its not “wasted” by being unused).

Subscribing also removes ads from

Twitch, and gives you 50 emotes, and 10% extra off my coaching [same as Tiers 1-3 on Metafy]). <https://twitch.tv/mew2king/subscribe> (use PC when Subscribing to save \$1.00 over mobile).

Note: Subscribing or Twitch Prime also means I get no ad money from you though, that’s the tradeoff (For me). I get \$4 dollars for this. Twitch Turbo I still get ad money, even though you don’t see the ads. (You could alternatively just have 2 accounts if you want to have one Subscribed and one not Subscribed).

Make sure to follow my **youtube** at <https://youtube.com/therealmew2king> for future videos and streams, support however possible is appreciated ofc, i might multi-stream there in the future as well (5050 chance).

<https://discord.com/invite/ZVvr25BS2D> to join my **discord**,

Merch is here <https://streamlabs.com/mew2king/merch>

I also do **coaching** on <https://metafy.gg/@mew2king> if you would like to support that way (I have Tier 1, 2 and 3 you could do which are fairly cheap [as little as 3\$] or 4 or 8 Training Plans, or simply buy smaller stuff), you can also **Donate** at <https://streamlabs.com/mew2king/tip>

<https://twitch.tv/mew2king> for my main stream (might multistream to youtube later)
<https://twitch.tv/mew2king247> (make sure to follow these) if you just want to farm ad money for me (do NOT mute twitch though)

More info coming soon.
