

Spoob had a twitter linked to his discord account, which is linked to a whole bunch of other nsfw and the whole 9 yards, There was a kid who went onto that twitter and was exposed to sexual content within the twitter, Now spoob, simpleton are the ones trying to say that the "Child" is responsible for reviewing the NSFW content, and that spoob should not be punished for exposing a child to furry pornography and nsfw content, that isn't even filtered when you first click it when I tested it with a new account, I mean first of all how is the child supposed to know what hes clicking, or what 18+ means, my point is the damage was done, and when we tried to report spoob to commando or hoho and even the game owner themselves they actually Victim blamed the child saying the child is responsible even though spoob is at fault for putting his twitter on both his roblox profile and discord profile, I mean is he not 100% responsible for all of his follows and posts?

Down below are the chat logs & history with some of the staff members and you can see how they try to point the finger to the child and claim that the victim is responsible, Be warned some of the content may be disturbing

I have a guy complaining about a kid seeing porn in spoobs twitter page that was linked, Yes i know it was removed but ultimately as an adult i dont like how Hiho is handling it either, by placing the blame on the kid when its obvious the kid didn't know better, I think both spoob and hiho should be reprimanded as they both represent the community, and I don't think you want them representing the community like this.... (edited)
And as... well as a minor violation in depth and, the to wrap should be enough

Commando Today at 1:00 PM
Ok first of all the kid was streaming the nsfw that spoob was following
(Allegedly)
And bruh. To find someone following a NSFW account you have to dig around HARD to find it

atank1 Today at 1:01 PM
Thats not an excuse
the fact is
hes in a server consistant of children, He is aware of what he posts on his twitter and he should **NOT** have had it linked, especially due to the fact he moderates a game full of children
This is not normal behavior.
at all

Commando AKA JACKrebooted, Commando

Commando Today at 1:24 PM
be mad all you want i guess

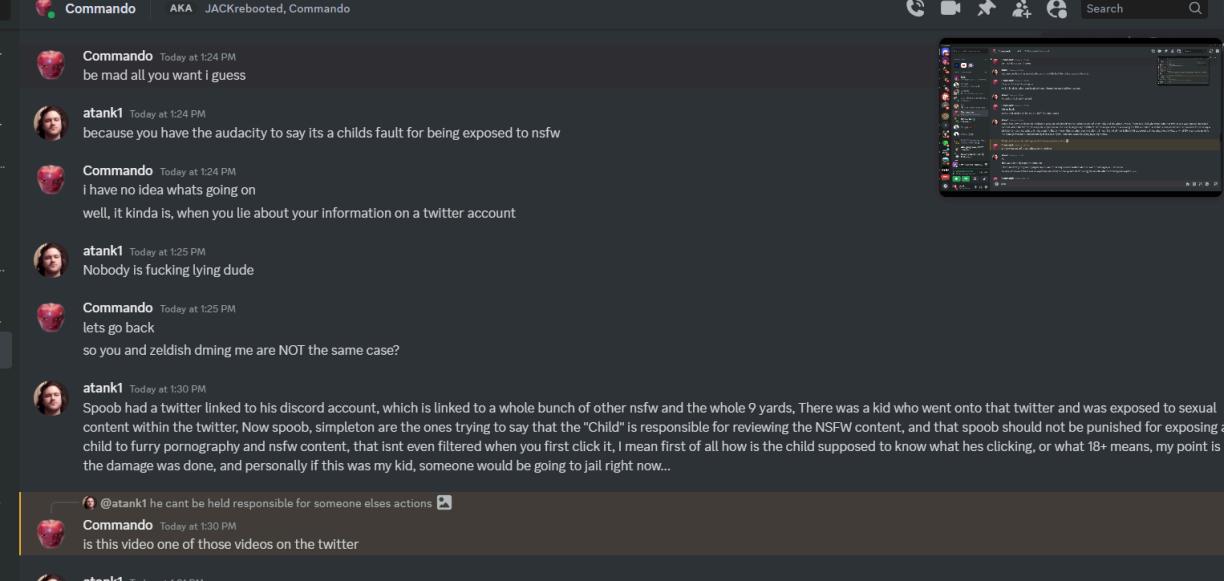

atank1 Today at 1:24 PM
because you have the audacity to say its a childs fault for being exposed to nsfw

Commando Today at 1:24 PM
i have no idea whats going on
well, it kinda is, when you lie about your information on a twitter account

atank1 Today at 1:25 PM
Nobody is fucking lying dude

Commando Today at 1:25 PM
lets go back
so you and zeldish dmning me are NOT the same case?

atank1 Today at 1:31 PM

Commando Today at 1:12 PM
It took 3 clicks
So it ISNT on spoobs profile

atank1 Today at 1:12 PM
Its still there
and he still exposed a minor
why does it matter where it is

Commando Today at 1:13 PM
Because if the minor is searching for it it's on him right?

 **atank1** Today at 2:42 PM

Also for those of you complaing its the childs fault

◆ **AI Overview**

Twitter's NSFW filter is generally considered **moderately accurate** but not perfect; it can sometimes miss genuinely sensitive content while also incorrectly flagging content that isn't actually NSFW, especially depending on the context and user reports that trigger the filter. [🔗](#)

Key points about Twitter's NSFW filter:

Algorithm-based:

The filter relies on an automated system to identify potentially sensitive content based on keywords, image recognition, and user reports. [🔗](#)

The censorship is left to an algorithm so not everything is filtered
good job tho

 AustinOfUSA 🌐
what did zeldish leak?

 ToastTeleporter 🌐
in trading server they're accusing us of victim blaming and stuff, while actively asking to ban and fire someone for making a small mistake
they banned simpleton and commando iirc, and then got mad when we banned atank
like srsly

 bezh 🌐
the trading server has always been fucking ridiculous

 ToastTeleporter 🌐

 ToastTeleporter 🌐

 bezh 🌐
dude came to me in my dms babbling on abt how the "dev team is corrupt" and how he got fired from mod for streaming a clip of the double-r bar
and how apparently spoob showed a minor nsfw
i'm convinced he's literally mentally unwell

 @bezh and how apparently spoob showed a minor nsfw
 ToastTeleporter 🌐

spoob had a link to their twitter profile in their bio and their profile was following another profile which happened to be nsfw, they never directly sent it to anyone the minor just clicked on it

 Elena らやあ

 ToastTeleporter 🍞 fr

 BreadTeleporter : Trello Died 🍞 mhm

 ToastTeleporter 🍞 but this was more leaks about what people was talking ab rather than what was coming to the game

 @ToastTeleporter he has proven that it is at least someone
ochill
Was it that one image between bezh and spoop

 ToastTeleporter 🍞 no
he's been mentioning things that specifically happened only in staff chats
recent things too

 ochill
Dang
What did spoop do that they are so annoyed about

 ToastTeleporter 🍞 lmao they watching this chat rn

ToastTeleporter for defending spooob
Elena らやあ

@Elena らやあ ah, and for what was atank banned, and who is that
ToastTeleporter for instigating and perpetuating drama
they're the owner of the trading server

@ToastTeleporter for instigating and perpetuating drama
Elena らやあ
ah

@ToastTeleporter they're the owner of the trading server
Elena らやあ
trading server must be really bad then
wow

ToastTeleporter the strangest thing is that they seemed to think smoking weed in vc and sharing nsfw videos via stream is ok, but not a link to a profile?
@Elena らやあ trading server must be really bad then
ToastTeleporter atank barely does anything in there
so it isn't as bad as it seems
he mostly just talks sh about the staff here and that's about it
the trading server is kinda like a hangout for people banned from main server in a way
a lot of the moderation from there is either banned or perm muted here

ster
banland

ToastTeleporter ye
idk, it's kinda weird
before zeldish was fired i managed to help them understand that spooob wasn't an evil pdf
but the rest of them are too set in their own ways to understand that they aren't always right about people

bezh

Dude istg why apply for a game just to leak

did he post nsfw?

 **atank1** Yesterday at 1:49 PM
No, But he exposed a minor and a minor reported him

 **Zik** Yesterday at 1:49 PM
how did he expose him
in which way
was it forced

 **atank1** Yesterday at 1:50 PM
He clicked on the link because he wanted to know more about spoob, as gamers and developers usually link twitters and stuff for promo codes update infos ect..

 **Zik** Yesterday at 1:50 PM
then went to their follows and decided it would be rational to report them for sharing nsfw?
what.
are we fr rn
