

Teaching Assistant Collaboration Plan

Objective

Plan collaborative strategies with Teaching Assistants (TAs) for effective classroom management.

Instructions

1. List three key responsibilities you would assign to TAs in a large virtual classroom.
2. For each responsibility, outline how TAs can collaborate with you and learners to fulfill their role effectively.
3. Develop a communication plan to ensure regular coordination and feedback between you and the TAs.

Guiding Questions

Think about these questions as you fill out the key responsibilities below:

- Who will TAs work with?
- When will TAs perform this responsibility?
- How often is this responsibility expected?
- How will TAs collaborate with learners and other educators?
- When will you communicate this plan with your TAs?
- How often will you follow up with your TAs?

Reflection

Reflect on the potential challenges you might face while implementing collaborative conflict resolution strategies with Teaching Assistants (TAs) in a virtual classroom. How will you address these challenges to ensure effective classroom management and positive learning outcomes?
