

Corrupted Lupine Bad end {lose 3 times in a row}

Defeated. Again. The wind in your lungs has been knocked out as your[silly] head hits the floor. BOOM!! back hits the floor.] Your [pc.weapon] falls to the side as you groan in pain. [party.som] [[companion1.name] lays defeated beside you. |Your companions lay beside you, defeated.]Your body struggles to move. Soreness keeps you down as you watch the hounds surround you.

Their darkened eyes peer into yours. With sinister grins and chuckles, two of them separate off to loot your belongings. Ravaging everything inside before tossing out the stuff they don't need. Everything you worked for is lost as they take it all for themselves. Now that they've found what wanted, no, what they earned from defeating you[party.isJustPC], | and your party,] all eyes turn to you.

When you turn back, the third lupine is inches away from your face. You jump back in shock, unable to defend yourself.

"You.... Our dear little [pc.title]. I'm so glad you've come back," He murmurs. There's a small growl in his voice, yet one that drowns out all noise aside from his. One of his barbaric hands crawls up your [pc.thighs], onto your [pc.stomach], until his hand starts fondling your [pc.chest]. "Such a famous person, not even stopped by one of our captains? I'm sure everyone's expected more. How disappointing." He mutters. One hand reaching down to your [pc.top] and another hand grabs your [pc.undergarments], tearing it all off. Piece by piece, you're stripped naked by the brutes' hands. You try to cover up, but it doesn't matter much when you're forced to bare yourself to the world.

[party.som]With an easy grip on you, the lupine lifts you onto his shoulder. Just like before, you're at the mercy of the lupines. They all howl one last time before heading deep into the forest.

[You expected the corrupted lupine to take you onto his shoulders again. As he's done to you the last two times you've lost to him. But, something's off. You look around and see that the other two lupines, the ones who normally head back to their den, are still here. Holding their newly ill-gotten supplies. What are they doing?

It's only when you look at [companion1.name] that you realize what they're still doing here. [companion1.name]'s clothes are being torn apart, piece by piece until [companion1.hisHer] is just as naked as you. Before you can try to bargain for [companion1.name], a rope is shoved into your mouth, stopping any sounds from you. He turns around and starts walking, gleefully spanking your rear as you watch the other lupines snickering with [companion1.name] on their shoulder. Spanking [companion1.name]'s with gusto as they follow close behind. With your whole party in tow, they all dash off together. Going deep into the forest as you watch the

landscape change through the familiar places you've seen the first two times you were taken away.

Going through the same path you've gone through again, there's no time for dwelling. Before, [party.isJustPC|Sanders would save you. But they said they'll make sure you stay this time.]your companions would save you from these brutes. But now, they're with you.] What's going to happen to you now?

After finally making it through the forest, you're in the den again. You see the shovels and pickaxes that you pass through like normal. The torches lining the walls are still there. And yet, there's something telling you that you need to leave. And soon.

That familiar smell invades your [pc.nose] again. It's faint, but you'd know it anywhere. After being stuck with them for so long, there's no way you'd forget it. It's the lupine's pheromones again! The smell gets stronger and stronger until you finally the smell invades your taste buds too. But, the lupines carry you past that. The smell fades and your eyes adjust to the darkness again.

Once the lupines finally stop, your dropped onto the ground[party.som|. |, along with [companion1.name].| along with your companions.] The corrupted lupines prostrate themselves before leaving the dimly lit room. You look around and see Asgeir. The snow white alpha looks down at you. He gives you pitying look at you[party.isJustPC|. | and your party.]

"Oh, dear [pc.title]. To think you'd be taken down so easily. My pawns have decided that you want to be here. So, I grant you this privilege. Enjoy, [pc.title]. I'm sure you'll love it here," Asgeir

sits back as he motions for the lupines to move again. Now, they all converge on you[party.som].
| and [companion1.name].| and your friends.]

Only a few moments have passed before you're already grabbed from all sides. Turned stomach down and held in place, your thrashing about does nothing but make the lupine's laughter echo in the mine.[party.som] |You can hear [companion1.name] grunting and struggling on the side.|You can hear your friends struggling off to the side.] Amidst it all, something stops the fight for you. The lupine's hands stop moving as one hand, a bigger and stronger one, grabs you out of the pile. The owner turns you around, shifting his grip from the back of your neck to the front. Now face to face with your new spontaneous lover, his body girded by heavy armor, a chest plate covering his torso and a shield resting on his back. This goliath of a lupine holds you by your neck as his eyes peer into your own. Your [pc.feet] [pc.heightRange 0 70 75]idly sway in the air |just barely touching the ground |dragging on the floor]as he holds you like a doll[pc.isHeight 69]. |, even when you're bigger than him.]

He's big. Head and shoulders above the other lupines, except the alpha himself. His black and gray fur keeps his form visible, even with the little light you get in here. "Armor," He mutters. The lupines below you quickly take his shield and armor off of him, revealing rippling mountain of muscle[pc.toneRange 0 75].|, similar to your own.] Pecs bulging out like two newly fluffed pillows. Abs harder than the armor protecting him. Shoulders and biceps create mounds of pure beef covered in gray fur over his arms. Everything about this stud of a lupine makes you realize that you're in for a rough ride.

"As the Warden, I claim this one. This [pc.raceCute]... is mine...!" He growls. A deep voice that rumbles you to your core. With one swift motion, he turns you around. Your back is pressed against his pecs and abs. His heartbeat is strong enough for you to feel, even under all of the muscle that he's got.[pc.heightRange 0 65 75] | Your head rests next to his. You can hear him chuckling as he glances at your big body.| The big hunk puts his head under your [pc.arm]. With his elbows bent under your knees, his hands [pc.heightRange 0 65 75]hold your head.[fasten to your shoulders.|buckle around your [pc.waist].]] Your legs are in the air, spread apart. Your hands frantically move around his body, his face, anything. Anything to get out. And yet, you can't find anything.

A swelling mass brushes past your [pc.butt]. When you look down, that's when you see it. The growing lupine cock that you've grown accustomed to after so many times in this cave. But, this one's different. It's girthier than any of the lupine's you've found in you before. Part of you can't help but wonder what it'd feel like. Being stretched out by such a fat cock. You shouldn't be excited by this, especially in this situation. But, seeing the red rocket slowly getting bigger and bigger, you can't tell when it's going to stop. You gulp, knowing that this monster cock is going inside of you. When it does finally stop growing, it's bigger than his forearm. You [pc.heightRange 0 65 75]look up to him|turn your head to him|look down at him] in disbelief. He returns your incredulous look with a sneering smile. He's gonna ruin you.

The knot stops your descent, a new seat for you to rest on.|His red rocket breaks through your anal cavity, rushing through you until you get seated on his knot. 12 inches of him is inside you. The wind knocked out of your lungs again, you wheeze at the sudden filling. The only thing left is his knot.] Speared onto him, you can barely move. A hot and throbbing member inside you, there's no time to adjust to his girth before being lifted up again. Seconds later, you're dropped again onto his champion-breaking meat stick.

After these first few thrusts, he speeds up. "[pc.title]... That doesn't work," the Warden mutters into your [pc.ears]. A heavy breath chilling you to your core. Deep in tone, but still gruff as he's ramming you're [pc.vagAss][pc.vagina][pc.butt] in. "No, you're something else. Not one so grand as that. Let's give you a new title you are worthy of. How about, [pc.ra lupine|cum dump beta?|lupine cocksleeve? Or perhaps cum dump for lupines? Oh! How about, Champion of Lupine Cockwarming?] Doesn't that sound better?" He growls before pulling you down even harder. "I can see you're enjoying it..." He chuckles.

He's not wrong. As much as you want to deny him, [pc.cockVagBoth]your own hard member can't tell you otherwise. Every thrust in you forces precum out of you. Every fall onto his knot makes you want to cream yourself right there. But, you|going up and down on his red rocket can't prove him wrong. You're stuffed full of the Warden's man meat as he controls your every movement. [pc.vagAss]Even your own [pc.vagina] that's being hammered in is wet from his rough treatment. With a driveling [pc.cock] and leaking [pc.vagina], you can't deny how much your body loves this. This lupine's strength alone could keep you going for hours on end. [pc.dcb]You can't let these stupid mutts get the best of you...|There's still a way to get out of this. There has to be.|Then again, it'd totally be fun playing with all the doggies here!]

"Yesss, that's it!" the lupine grunts. "Give in, this is all that you're good for, [pc.raceCute]." He growls as you feel your [pc.crotch] heating up. You look ahead of you to see all the lupines still waiting for their turn. [party.som]You look around, trying to see if there's anything you could find to help you out. But, all you see is the rest of the corrupted lupines. Patiently waiting for their turn to ravage you next. Even if you're still somehow conscious after this barbarian's rough treatment, you're not gonna make it past all of them. |Looking around, you see

[companion1.name]. Or at least, part of [companion1.name]. Struggling against the tide of lupines, it's hard to see [companion1.hisHer] entire body. But, in the one instance you do, [companion1.heShe] is nearly covered in lupine cum.[Looking for any way of help, you find [companion1.name] and [companion2.name] still in their piles of corrupted lupines. You can't see their entire bodies, but in the small instant that you could, they're completely covered in white. Soaked in all of the lupine cum that these hounds could offer.] Amongst them all, you can hear them murmuring in the crowd. Sweet whispers of what they'll do to you when they get the chance.

"There's no help for you. No one will save you...." The hunk utters. "This is your new home. You'll be living here, understand? Let me make it clear..!" With a tightened grip on you, he pulls you down with all his might. His knot pops right into [pc.vagAss|your pussy|your sphincter]. The moment it's in, you can't hold back anymore. [pc.cockVagBoth|There's no stopping your [pc.cock] from spraying it's load towards the other lupines in front of you as your ass is filled to the brim.][pc.vagAss|His cock getting coated by your [pc.girlcum] as you climax.|Your [pc.vagina] squirting its juices forward as your ass is filled up as much as possible.]]An endless torrent of cum gushes between the two of you as your [pc.vagAss|[pc.vagina] coats his dick while|[pc.vagina] squirts out while] your [pc.cock] shoots your other load into the crowd of lupines.] A torrent of cum follows flooding out of you as he holds you tight. The Warden's excessive cum pours into you. Having enough cum to fill a barrel, it overflows out of you, shooting on the ground beneath you. Amidst both of your climaxes, you can loosely hear the other lupines.

"Hole," comes one. "Me next!" "No, I'm next!" "Slut!" comes more. There's no end to the insistent demands of using your body. The Warden's right. You're not an adventurer. Not a [pc.title]. If there's anything you really are, it's exactly what the Warden said. [pc.raMulti lupine|A beta cum dump.|A champion of lupine cockwarming.] Your body's a hole for him. A sack of meat for him to enjoy himself as he ravages you in any way he wants. You're not an adventurer anymore. How could you be? Being beaten by these corrupted lupines, you couldn't hope to defeat their alpha. Let alone [silly|the big bad evil lady] Kasyrra. There was no hope of you being a champion to anything.

There's nothing you can do as the Warden continues his ravenous assault on your body. The smell, that familiar smell of bold, earthen scent mixing in with sweat and cum. The warden cums one more time in you as your consciousness wavers. Another pitiful climax from you only makes the lupines laugh at your pitiful state - the sinister laughter that rings in your head. The warden pulls you off and tosses you to the ground. Eyeing his work before leaving his sloppy seconds to the rest. Your consciousness soon slips away as you feel your body become strangely cold. Your vision becomes blurry as you see the other lupines closing in on you. There's no one coming to save a cumdump like you. That's all you're good for. It's all you'll <i>ever</i> be good for in your new home.

If pc is a lupine

Several months have passed since you joined the pack's antics as their omega. Being fucked as thoroughly and often as can be, you're not much different from being one of their slaves. There's no going back, not that you want to. You're much better within the pack than you were before it. Before, you were nothing. Now? You're faster, stronger, just more... alive. Claimed by the Warden, Master Refnir himself. You learned his name a few nights after being used by him. Occasionally, he'll throw you to the pile whenever he's dissatisfied with you. After so long, you make sure it never happens again.

You join the pack on raids every now and then. With Master Refnir's permission, of course. On these raids, you're the last to get any of the rewards. Assuming there were any rewards from the raid. The other pack members usually take everything in victory or blame you for the loss. Either way, it usually ends with them taking out their frustrations or celebrations with you being surrounded by their delicious cocks. Though none could hold a candle to Master Refnir.

Back in the den, you're taken back to Master Refnir. As his personal property, you spend your time protecting the den by his side or between his legs. At that time, you walk beside him. [pc.vagAss[[pc.hasFertileCunt|Pregnant with his second litter,|Full of his cum,|Cum dripping from your ass]], you keep close. Knowing that wandering too far from him means being punished. Throughout your patrols, you go through the den. Visiting every part of the den to ensure the pack's safety. For Master Refnir and for Master Asgeir especially.

The day starts where you and Master Refnir reside. While he rests on a makeshift bed, you lay off to the side. Not worthy of sharing it with him. When he wakes, he places a dog bowl beneath you as he takes care of his morning wood with your mouth. Replacing the bowl every time it's full. He doesn't bother to wake you up. Why would he? It's not like there's a time when you <i>don't</i> want him to use you. After all, that's all you're good for. When he blows his load in you a few times, throat or otherwise, he moves on to his next chosen slaves for himself. Sharing all the seed you wasted for them. Such a generous Master!

[party.comp1|

{// Just Brint:

Your former minotaur companion, Brint, has been chained down in the same room. He was fortunate enough to be chosen by Master Refnir. If it hadn't been for all your adventuring together, you'd think his fur is white with how much cum is covering him. There's usually two or three lupines nearby who's fucked him and themselves into a stupor. His own uselessly huge dick stays hard, even when he's not being fucked. Whenever you pass by him, you can hear him idly muttering "cock" and "cum" over and over again. If he's lucky, Brint gets chosen to suck or get fucked by Master Refnir, and every second is spent thanking Master Refnir. Cumming several times as his prostate or throat is flattened, eyes rolled back in pure bliss.

With the bowls he's just filled, Master Refnir sets it onto the floor. Brint doesn't hesitate. He, like any other slave in the den, knows what happens to ungrateful slaves. Brint and whatever few slaves Master Refnir has deemed worthy to be his slave rush towards the bowls he's filled. Before taking a single drop in his mouth, Brint gleefully calls out to your master. "Thank you Master...!" Every lick and swallow is followed by a subtle "moo" under his breath. After all, it is the *best* meal they could get here. Master Refnir's cum is the best in the world. Unfortunately, he wasn't chosen to relieve him today, but this is still the next best thing.}

{// Just Arona:

Your [Arona.isDom|old owner|former companion], Arona, is being ravaged by a few lupines as you walk by. The chain collars on her keep her in place. She's struggling to take on all three of the lupines. Her green skin is barely visible from all the cum that's on her. It's not until Master Refnir whistles at them to hurry and finish. When they finally do cum in her, she drops to the floor, exhausted and coughing out cum. If she's lucky enough to relieve Master Refnir, she's gratefully declaring her long awaited desire with curses and thankings.

With the bowls he's just filled, he sets it onto the floor. Arona doesn't hesitate. She, like any other slave in the den, knows what happens to ungrateful slaves. Arona and whatever few slaves Master Refnir has deemed worthy to be his slave rush towards the bowls he's filled. Arona pushes the other slaves out of the way to get to her bowl. Greedily eating her bowl as the others only just make it to their own bowls. She knows that this *is* the best meal you could get here. Master Refnir's cum is the best.}

{//Just Atugia:

Your former companion, Atugia, is chained to the ground. The runes that cover her body have been dulled by cum. There's no light coming from her body. The lupines that had their way with her over the months have been good to her. Making sure she's well fed with their cum and all. You can see that they've just recently finished, one of the lupines is still cumming in her right now. If she's lucky enough to be chosen by Master Refnir for relief, she's used to polish her balls with her head while her body's bounced up and down.

With the bowls he's just filled, he sets it onto the floor. Tui doesn't hesitate. She, like any other slave in the den, knows what happens to ungrateful slaves. Tui and whatever few slaves Master Refnir has deemed worthy to be his slave rush towards the bowls he's filled. Tui slurps up the cum, enjoying it like everyone else. Savoring it like it's the tastiest meal in their lives. Hell, it *is* the best meal they could get here. Master Refnir's cum is the best in the world.}

{// Brint and Arona:

Your old companions, Brint and Arona, weakly lay on the floor. Loosely chained to the wall as Brint's tail hole continues to be ravaged. Arona's already been fucked into a

stupor while Brint's almost reached that state himself. Mooing and moaning as precum pools out in front of him. As you walk by, you can see the lupine fucking him blowing his load into his butt. When he pulls out, a river of lupine cum pours out of him. If one of them were lucky enough to be chosen by Master Refnir, the other one would grumble in jealousy before being taken by another lupine.

Master Refnir drops down the bowls he's prepared with you onto the floor. With only a whistle, the few slaves he has here rush forward. Brint and Arona aren't any different. Even after being thoroughly fucked, Arona fights her way to a bowl while Brint mutters "Thank you Master...!" Thoroughly enjoying it all, the slaves here keep drinking at their delicious meal.}

{// Brint and Atugia:

Your former companions, Brint and Tui, continue to be ravaged by the lupines here. A pair for both of the former adventurers as cum is shot into them. Another load to add their internal bank of lupine cum. When the lupines pull out, they lean back onto the wall. Watching the fruits of their labor grow as Brint mutters "cum" over and over again and Tui idly swallows another blob of cum. If one of them were lucky enough to be chosen by Master Refnir, the other one would grumble in jealousy before being taken by another lupine.

Master Refnir sets down the bowls of cum that he's made with you. The slaves rush over to enjoy their breakfast at his whistle. Brint and Tui are the same. Brint grunts out "Thank you Master...!" as he digs in. Tui, meanwhile, starts slurping the cum out of the bowl as if it were her last meal. Then again, with cum as perfect and tasty as Master Refnir's, it's no wonder they act like that.}

{// Arona and Tui:

Your former companions, Arona and Atugia, lay near the wall with chains restraining them. Arona's still being ravaged while Tui's been fucked unconscious. Amidst her moaning, she and the lupine eventually climax together as a new pool of cum covers the floor. Even if there's already dried cum.

At a whistle, the slaves all perk up. Setting the bowls down, Master Refnir whistles for them to eat their breakfast. Arona especially looks hungry as she fights her way to the bowls. Tui, meanwhile, savors her bowl of cum as she slurps it up. Swallowing it by the mouthful. Now, all the slaves get to enjoy breakfast.}

{// if none of the above:

The slaves are all loosely chained up to the wall. There's not many. After all, Master Refnir has a high standard for slaves. Some lupines are still enjoying the slaves that Master Refnir has. Emptying their loads into them.

Master Refnir whistles as he sets down the bowls of cum that he's made. Now, the slaves rush over to eat up their breakfast. After all, those who are ungrateful are punished. Now, as they eat, Master Refnir moves on.

]

The first part of the routine patrol is checking each part of the den. Questioning lupines on any suspicious activity. Next, is checking the laboratory. A friend of Master Refnir is in charge here. There's a bunch of weird stuff in here. But it's stuff you don't need to worry about. Why would a cum dump need to know?[party.comp1|Vivianne Cait]

{// Each person is in separate places in the room, so don't worry about any combination of these comps}

{// Vivianne:

The red headed witch, Vivianne, is in the cage with whatever experiment Master Refnir's friend made. Grabbed by its hands as she weakly takes everything the experiment has to offer. You wonder how it'd feel like to have that experiment inside of you. Maybe you should ask Master Refnir to try in the future?

{// Cait:

Your kitty companion, Cait, is off to the side. Thoroughly covered in cum as she breathes heavily from all the fun she's had in here. Occasionally, you join her in the lupine pile of rough breeding, but only at Master Refnir's command. The first time the two of you were together in it, she tried to say something to you. You're not sure what she wanted, but it didn't matter. You were too focused on your masters to worry about it.

}

Once you finish checking the lab, you continue the patrol towards the pool. A petite little lupine that has several others doing her bidding. This place is usually kept in good condition, with all of her orders. You wonder why Master Refnir is friends with her. [party.comp Quin Agni Etheryn Azzyran]

{// Each person is in separate places in the room, so don't worry about any combination of these comps}

{// Quin:

{// Agni:

The feathery harpy, Agni, has become the lupines chair. You recall her saying that the feathers make for a "great chair". Agni is sat on while Master Refnir talks to her. Playing with her feathers during the conversation.}

Once they've shared their reports, Master Refnir moves on. Going through the den again, the patrol ends back in his sleeping area. You're told to stay, taking care of stuff here while he goes to report to Master Asgeir. In the meantime, [pc.hasFertileCunt]you decide to take care of the pups. They're still young, but with Master Asgeir, you're sure they'll grow up to be capable people. Even a cum dump like you could make great kids. Especially if it's Master Refnir's kids. Master Refnir, at the very least, deserves a good sleeping place. It's the least you could do as a worthless cum dump. After all, you know how good his rewards are. You couldn't be happier serving him and the pack.]

The most you'll ever be good for is serving the pack as a cumdump. And that's all you ever need.

Game Over

If pc is not a lupine

It's been a few months since you were taken in by the corrupted lupines. It's exactly as they said. No one came for you. Then again, you're glad that they didn't. The only bad part of living here are the chains on your body. It's hard to move around in them, keeping you close to the wall when you could be servicing them much better without it. Even now, there's a few lupines here ravaging a slave next to you. If only it were you. Regardless, this place is a paradise. Servicing your masters is the honor only you and few others share. Maybe that's what the chains are for. Signifying your skill as a cumdump for these beautiful and strong lupine men. You hear a distinct grunt amongst the rough fucking next to you. It alerts the rest of the slaves as well. Master Refnir's awake!

You quickly sit yourself up. Ready for whatever Master Refnir has to offer you. If he does at all. Oh, you hope he chooses you today! With another grunt, Master Refnir stands up and walks towards his special group of slaves. Eyeing each of you carefully, he smiles as he steps towards you. What a lucky day!

Once he's in front of you, all the other slaves look on as Master Refnir stares you down. His gorgeous morning wood comes in, blocking your view of his head with another head. He doesn't need to say anything. There's no reason to when a cumdump like you knows what to do. You open your mouth, ready for his arm thick dick to enter your maw. The tip caresses your tongue as it hits the back of your throat. Slowly it goes deeper into your throat, all the while you [pc.ra

minotaur[moo|moan] into Master Refnir's groin. A long relieved groan escapes your master's mouth. A song to your success.

Master Refnir's thrusts into you. His red rocket slowly leaves your mouth only to enter back in. Only stopped by his knot hitting your nose. An easy throat-widening morning as you fervently lick the underside of his magnificent cock. Maybe it's him just waking up or punishing you for not being good enough, you can't say. Then again, why worry about that stuff? A cumdump only has one job, and you're doing the best you can. [pc.cockVagBoth|Your own [pc.cock] is doing just fine itself! As hard as a rock, it's already leaking precum just from tasting Master Refnir's glorious dick.]The wet spot on the floor beneath you says you're having a fun time. All that pussy juice just from tasting your master.]The multiple fluids under you tells you you're doing good. As hard and wet as can be, the taste of Master Refnir will never get old.]

Soon, however, he pulls out. At first, you're upset. What'd you do wrong? But that thought is dashed as he grabs your [pc.hasHorns|horns|head] and forces the whole shaft in, knot and all. [pc.ra minotaur|Mooing|moaning] into his crotch, he pulls out and does the same again. A full foot long of lupine man meat plus his huge knot. Popping in and out of your mouth, his thrusts have gone from gentle and easy to violently throat ripping. If any of the Seven are watching, you pray that this feeling never ends!

Soon, you feel Master Refnir's precum leaking out of him. You're doing a good job! His grip on [pc.hasHorns|horns|head] tightens as pulls you in for one last heavy thrust into your mouth. Emptying his load into your gullet as you, there's no end to the bliss that you feel from his seed splattering all around your mouth. Coating it with white as you [pc.cockVagBoth|paint the floor white yourself.|make a pool of [pc.girlCum] under you.|make a mess below and in front of you.] Cumming uncontrollably as your stomach expands from Master Refnir's godlike load.

Once he's done [silly|feeding you his kids|filling your stomach], you sit back. Looking up, you see Master Refnir's face. Still unsatisfied. You open your mouth again, but Master Refnir looks around for a new slave to fuck. Maybe you weren't good enough for a second, but you'll do better the next time!

{// Brint:

Your Minotaur companion, Brint, is here with you. Here with Master Refnir. Lucky man to be chosen here. Master Refnir looks him up and down before grabbing his one horn and pulling him in. Smearing his face with the left over cum and saliva from you. Once it's all over his face, he grabs the Brint's nose ring to force his maw open wider. Shoving his bull breaking shaft into his throat.

The beefy cumdump next to you moos uncontrollably as his face is reamed. His chains rattling as he's pulled back and forth onto Master Refnir's member. Every thrust onto him makes his

eyes roll back in bliss. His massive horse dick shoots out another blob of precum as the back of his throat is pounded. As much as you want to continue watching, you've got more company.]

{// arona

Your former[arona.isDom| owner| subject] sits a few feet away. Despite having been filled by the other lupines while Master Refnir used you, she still sits up. Eyeing Master Refnir intensely to see who he stops at. Overjoyed when she sees it's her turn today. Opening her mouth wide for Master Refnir like any other slave should, she moans in bliss as it slides over her tongue. She's in heaven and it's all thanks to Master Refnir's wondrous cock.

The orcess cumdump groans in exhaustion as her mouth is continuously filled with lupine cock meat. Cum is already leaking out of her mouth and ass, on top of her own dick dripping cum from her time with the other lupines. Despite that, her green cock is still standing tall as she's fucked. As much as you want to continue watching, you've got more company. |

{// Atugia

The dullahan herself, Atugia, is shackled a few feet away. Cum has stained her body all over to the point where her runes have become dull. Blocked by dry cum, the lupines lost interest in her after the runes were dulled. Master Refnir, however, still sees her as a good cumdump. One worthy of being used today. He picks up her head while her body lays on the floor, exhausted from her extended use.

Master Refnir slides his wonderful phallus into her mouth. Replacing every nook in her mouth with his meat. Another lupine tries to use her body, but Master Refnir gives him a snarl and he backs off immediately. She's his property to use, even if it's openly available. No one gets to share a cumdump with Master Refnir. As for cumdumps, it's time to get to work.

{// None are here

A muscular human man catches his eyes. He's weakly cumming just from the sight of Master Refnir approaching. The idea of him being used was able to send him over the edge. The moment his tongue tastes Master Refnir again, another orgasm shoots out of his dick. A disgusted grunt from Master Refnir tells you all you need to know about him. Incompetent.

As much as it irks you to see someone so inadequate pleasing Master Refnir so horribly, you have a line in front of you. And you're gonna show that bitch how a real cum dump sucks cock.]

Lupines line up in front of you. You gulp, ready to please them as you had with Master Refnir. Your lips are broken by a succulent lupine cock. You didn't have time to open your mouth for them. Maybe you just weren't fast enough or your jealousy got the better of you. Either way, you're not letting them go without getting their cum first!

Every thrust into your mouth is accompanied with your tongue licking as much as it can. Suckling on the head in the few moments it's in your mouth before it's rammed into your throat. Folding your tongue on its underside to get every gland and sweat bead on your taste buds.

Doing everything in your power to make them blow their load in you, precum spreads onto your tongue. You got him! He's almost ready. Throwing your head back and forth, milking one of your masters with as much of your body as you can. You're only stopped by his hands grabbing you, keeping you in place as his body shudders. One last thrust and his knot pops into your mouth. Balls drawing taut as he unleashes his load into you.

Pump after pump of corrupted lupine cum fills you. Your eyes roll back in bliss as you swallow ropes of cum into your already filled gut. Joy fills you as much as the lupine master above you does. Before long, he pulls out and the next one steps in. Already hard, you have a long day ahead of you. And you can't wait.

Several hours of sucking and getting fucked by your lupine masters, Master Refnir returns. The other lupines fall in line and remove his armor. As it's taken off piece by piece, he looks at all his slaves. Determining who gets to be used by him. The Seven seems to be watching because his eyes fall on you. Your heart skips a beat as he approaches you. His naked body and growing erection sends shivers down your spine. You're gonna be fucked. That glint in his eyes tells you he wants more than just a mouth.

You don't have to say anything, you just turn around and get on all fours. You know how he likes it. Facing forward, prostrated for his cock, and shaking your [pc.butt] for him, you're ready for him. Ready for Master Refnir to show everyone else how it's done. And you're ready to prove that you're the best cumdump in this whole cave.

His steps stop right behind you. You can feel him get on his knees as the ground beneath you shakes as he hits the floor. Master Refnir plops his dick onto your ass. The anticipation is killing you as he slowly hotdogs your rear. Feeling it between your [pc.butt], you just want to scream for him to put it in you. But Master Refnir is a good Master. He knows how to treat cumdumps well.

With one thumb, you feel it spread one cheek wide. That's when you realize that it's time. In one fast thrust, Master Refnir is fully inside you. Knot and all. You [pc.ra minotaur|moo|moan] out loud, the whole den could hear you. Hell, maybe even Hawthorne heard your whorish sounds! Then again, what does it matter? Master Refnir's fucking you! Finally!

Master Refnir pulls back and dives in again. With your rear full of Master's dick, you can't stop yourself from cumming again. Splattering onto the floor below you, Master Refnir chuckles as he continues pumping you. Smacking your ass cheeks with his abs as he repeatedly pops his knot in and out of you. Grunting with every push into your [pc.butt] as you push your rear back onto him. Desperate for just another second longer of his entire member being inside of you. Another orgasm is about to be forced out of you. Master Refnir must be above the Seven with how godly he is at fucking you!

Squeezing down on his arm thick cock, you move your rear around. Shaking it and swirling it around his dick, it's not until he pulls out and lets his enormous load of [silly|baby batter|cum]

rain down on you. If only for a moment, as there were only 3 ropes of cum that land on your back and head. When you turn around, that's when you see what he was planning. A dog bowl, Just for you. He's filling it up with his own cum!

Once he's done, he lays it out in front of you. There's nothing to say. You're speechless. What a wonderful gift! You look up to him, beaming with joy as you hastily say "Thank you for the meal!" before digging in. Master's cum... It's so *good!* Swallowing and slurping and licking away at the bowl until it's all gone. The bowl's as clean as it was before Master Refnir had served you. When you turn around, you see you have more company.

More lupines have shown up. All of them, hard and ready. Right now, you're the only one without a hole filled. Two arms turn you back onto all fours again. Now presenting your rear to the lupines, you reach over to spread one side open. It's still slick with the cum, but that doesn't matter right now. Seducing the lupines, you say the same thing you've said every time they show up.

"I need more cum..!"
