III. New Business (15 mins)

A. [CSIP](#) - Motion -A. Simpson Second - A.Ervin- Due to Covid and the hardships it has caused, schools were all-We have focused on Tier 1 instruction through grade level PLC's. We have 3 teachers in the Math and ELA classes for one period a day. We know writing is an area that we need to work on, but until there is more consistency in schools and students coming to school we have not had an opportunity to dive much into it. During Covid we are trying to get students to know some things and engage in experiences that they have never done before.

Mrs. Vittitow has started back working with the ArchiteX in plans to make social and emotional awareness. Mrs. Vittitow wants to continue to work with the ArchiteX planning different lessons. Mrs. Vittitow works very closely with Dr.Carter meeting with students. Works closely to make for college and career readiness through different programs, such as the program with Luke Fries. Helps with Dean List Breakfast. Other programs that FRYSC offers to the students are Junior Achievement, Mental Health Awareness, and Drug Prevention Programs.

D. Next School Year - [PD](#) Students first day of school next year will be August 25, so teachers have time to plan and think about plans for the year. There is no need to do any events in July, since we will be going back to school on August 25. Just think about the best way to have meetings for the beginning years with families.
