

Fun Science Sites to Explore!

(During Distance Learning/Enrichment and Thanksgiving Break... these are all optional sites and ideas for those who want to do more Science!

(Updated as new ideas come to me.)

Monterey Bay Aquarium: Web cams, animal information

https://www.montereybayaquarium.org/?utm_source=wordfly&utm_medium=email&utm_campaign=S6Habitat1-Beachesanddunes&utm_content=version_A&plankton=

<https://www.montereybayaquarium.org/for-educators/curriculum-and-resources/games-and-activities>

<https://www.montereybayaquarium.org/animals>

<https://www.montereybayaquarium.org/animals/live-cams/>

(check out my favorites.... Sea otter cam and Coral Reef cam)

Especially related to 6th grade curriculum:

<https://www.montereybayaquarium.org/animals/habitats/>

Explore.org live nature cameras

<https://explore.org/livecams>

Live events:

https://explore.org/livecams/live-chats/explore-live-events?utm_medium=email&utm_campaign=Live%20Talk%20A%20Young%20Condors%20Journey&utm_content=Live%20Talk%20A%20Young%20Condors%20Journey+CID_82c0c1

NASA: Earth

<https://spaceplace.nasa.gov/menu/earth/>

The Tech Museum in San Jose (Tech Interactive)

<https://www.thetech.org/>

California Academy of Sciences

<https://www.calacademy.org/learn-explore>

<https://www.calacademy.org/academy-home>

World Wildlife Fund "Wild Classroom" activities

https://www.worldwildlife.org/pages/wild-classroom-daily-activity-plans?link=btn&utm_campaign=wild-classroom&utm_medium=email&utm_source=enews-wc&utm_content=200405-edu

WWF together app for iPads..... including origami patterns for animals

https://apps.apple.com/us/app/wwf-together/id581920331?utm_campaign=wwf-together&utm_content=stories&utm_medium=content&utm_source=wwf-outbound

Livestreams with Science Experts: grades: 6-8

https://www.worldwildlife.org/pages/conservation-in-the-classroom?utm_campaign=wild-classroom&utm_medium=email&utm_source=enews-wc&utm_content=200405-edu

Science Buddies website "Science-at-home" activities
