

Unresolved issues

A data portal

In Belgium: the everlasting problem to choose between publicdata.belgium.be and data.gov.be. None of both get further development.

A coherent licensing framework

-> UK Gov license

Data catalog

→ cfr. CKAN

→ cfr. data.gov.uk

Data over http

→ cfr. The DataTank

→ cfr. <http://data.iRail.be>

Businesses using Open Data

Facts and figures about added value and/or ROI in Belgium situation AS IS and abroad?
