

SASSP Schedule

2025-2026

Professional Development Series and Activities for Secondary School Principals, Assistant Principals and Aspiring Principals

Thank you for taking an interest in advancing your professional development and collegial relations through membership in the St. Louis Association of Secondary School Principals. As our mission states, "SASSP serves to promote the professional growth, interest, and fellowship of secondary school administrators in schools in St. Louis County, St. Louis City, and surrounding counties." Additionally, we serve as the official organization for communication, consultation, and action regarding inter-school challenges and activities in the eastern region of the state. You may join and/or renew your membership at any of our events, or by going to the website <https://www.moassp.com/>.
