- Please refrain from playing a round ahead on challenge without permission from a TO, your match could be streamed!

Ruleset:

- All characters and ARMS combinations are legal.
 - If you don't have all ARMS unlocked, this is fine. Simply turn on Tournament Mode. By holding down the right stick, L, and R at the same time on the main menu you can turn this mode on. This mode limits which game modes you can play but unlocks all ARMS.
- Color Crash is a double elimination tournament.
- All matches in the bracket are best of 3 sets comprised of two-round games.
- Top 4 of Color Crash is comprised of best of 5 sets instead of best of 3 sets.
- Stage striking and CP rules will be handled in the next section, *Order of Operations*.

Order of Operations:

1. At the beginning of each match, there will be a stage striking process of 1-2-1 from the starter stages with the higher seeded opponent striking the first stage (the stage list can be found in the section below this, *Stage List*).
2. For game 1 you and your opponent can elect to go to any stage if you both agree on it.
3. Game 1 arms and character choices are blind.
4. After game 1, the winner says if he is going to change his arms or character (or both). The loser does not have to announce any changes he/she makes.
5. The winner then bans two stages from the full stage list, which then allows the loser to pick any remaining stage.
6. Repeat rules 4-5 for any matches after game 2.

Stage List:

- Starter stages:
 - Sparring Ring
 - DNA Lab
 - Mausoleum
 - Buster Beach
 - Temple Grounds
- Counterpick stages:
 - Via Dolce
 - Scrapyard

Remember to show good sportsmanship and have fun! We hope to see you rumble at Color Crash!
