PAT

1:28:52 Pat had a week. Be prepared for felines.

1:29:25 Monster Hunter World Iceborne on release was completely and utterly fucked, his backup battery overloaded from playing this game

- 1:31:03 the reasons why this is happening: Part 1 The anti cheat and windows defender scanning all the files at once

- 1:32:32 Part 2 Home server ping is on, probably wrong build got pushed out

- 1:35:50 if you havent played monster hunter world in a while and dont have a certain patch, it will kill your cloud save

- 1:37:30 PC devs working on other games, not monster hunter world

- 1:38:55 Pat can play and ignore the problems, but still feels bad for people with crappier PCs. also, the anti cheat already got worked around

- 1:39:47 does anti-cheat work for anyone?

- 1:40:47 Do you stop and wait? Pat says just get a refund

1:41:48 After the engoodening of no mans sky, pat plays no mans sky. Says its been improved. Its not the outer wilds though

- 1:43:31 Pats old save was unusable, new save turned out to be an enjoyable experience. Named a planet, goes over various improvements

- 1:44:57 the engoodening of no mans sky

1:46:28 Cats, seeing it unpatched. A nightmarish eldritch nightmare of CGI

- 1:49:02 The musical, cats, sucks.

- 1:49:27 pat seeing a high person watch cats, watching it high is terrifying

- 1:50:31 Judi dench's giant eye catching wedding ring, the flesh peeling is weird

- 1:51:20 Fuzzy naked idris elba

- 1:54:11 Taylor swift cost too much, and this will live on in infamy. This movie almost killed Pat because a cat flew into the sun

- 1:56:55 Lots of big names attached

- 1:58:26 worse than the last air bender, watch it for how bad it is, would have been better to tape a stage play

- 1:59:53 Why did the actors not use their clout to delay the movie?

2:01:33 Thunder cats go roar, the script itself feels written in an afternoon and production feels at an absolute minimum

- 2:03:02 the absolute minimum amount of effort put in on animation, comparison to other shows

- 2:05:19 not available in canada, cartoon network put the first season on the app and canceled a second season

- 2:07:50 why defend this?

- 2:27:52 played some training and 1v1 with reggie. By the end of the session, woolie had a game plan

- 2:30:33 Seeing how much effort you have to put in individually and as a team

- 2:31:59 Athletes are thinking a lot for their plays

- - 2:33:04 the physics of baseball and micro adjusting to hit the ball, the need for athletes to be able to do certain actions without thinking
