

Finastra

About Company :-

At Finastra our purpose is to unlock the power of finance for everyone & redefine finance for good. We provide critical, leading solutions to the global financial services market. We're the orchestrator of open finance; building and delivering innovative, next-generation technology on our open Fusion software architecture and cloud ecosystem. We're one of the world's largest FinTechs, working with over 9,000 customers including 90 of the top 100 banks globally. We are more than just a workplace, we are a responsible business that believes in doing well by doing good. Now is the time to embrace new challenges, seize your opportunity and make your mark. Our people are our greatest asset. Our People Pledge is our commitment to our people in return for the skills and value they bring. Its made up of 3 pillars of your Future is Open, Our Culture is Open and Your Opportunities are Open. So what can you expect and is Finastra right for you? Your future is Open - Are you hungry to learn and challenge your own abilities - we are a skills-based enterprise ensuring relevancy and growth in your career. Our culture is Open – Are you looking to work in an inclusive business who values diverse perspectives. Join our open culture where you can be who you are and everything you may become. Your Opportunities are Open – Are you ready to challenge, take ownership and make your mark? We inspire you with complex and interesting work.
