check your scores

Community Points 10%

talk to me if you need to earn some
you can still earn by working on projects in TA/instructor office hours

you can still earn through thursday night, current score is temporary

Project 5 see description and rubric

Drag and drop interface is required, demo
calling functions

Python Coding

Lesson
Lab

Thursday-- Project demos

- Show your gallery
- Choose an app you haven't demo'd and demo it
- Demo/discuss one cool/unique coding technique/component you can teach the class (show blocks)
- Project due later that night, but you can demo your partially complete project (or a different one)

After Thursday

Keep an eye on email
