## Tournament Participation & Fees

There is no minimum requirement for the number of tournaments a team must attend. Tournament participation is determined by the coach in collaboration with the team.

Teams may organize fundraising efforts, with proceeds applied to their individual team accounts to help offset tournament registration fees.

All rostered players are responsible for their share of tournament fees, regardless of individual attendance, unless otherwise determined by the team.

All tournament fees must be collected and paid in full prior to registering the team for any tournament.

## **Volunteer Hours Requirement**

City SC Kings County requires a minimum of **four (4) volunteer hours per player, per year**. These hours are typically fulfilled through participation in club events and activities.

Volunteer hours will be tracked and recorded by the team manager to ensure adequate support for all club events.

If the required volunteer hours are not completed, a **\$100 buyout fee** will be applied.

## **League Fees**

League fees are shared among all players on the team and may vary depending on the age group and the specific leagues or events selected by the coach.

Once a player is assigned to a team, the team manager will divide the total league fees evenly among all rostered players. These fees will be collected and deposited into the team account, where they will be used to cover league-related expenses.

Teams may organize fundraisers to help offset these costs; however, all players remain responsible for paying their full share of team fees.

All league fees must be paid in a timely manner. Failure to do so may result in disciplinary action, including the suspension of the player from participation until payment is made.

The fee information provided below is based on current guidelines from NorCal Premier.
